Dear Reader,

Manchester University is committed to respecting the infinite worth of every individual and maintaining a safe campus environment in which all members of its community can work, live and study while growing intellectually and socially.

The Office of University Safety works year-round and collaboratively with other members of the University community to create that environment. To further that goal, this publication is intended to provide you with information about educational programs, safety practices, crime statistics and policies regarding the reporting of emergencies and campus crime rates.

Of particular interest are the easy-to-read tables, which contain three years of crime statistics, starting on Page 38 of this document. We are pleased that for the three years of data provided our campus remains a safe place to learn and work. Although we realize crime is a regretful part of our society, we strive to keep these incidents to a minimum and are encouraged by these efforts on our campus.

Should you have questions, comments or suggestions regarding the information in this publication or any related public safety policies, procedures or operations, please feel free to contact me at 260-982-5256 or by email at tledwards@manchester.edu.

Stay safe and well,

SECURITY

Manchester University safety and security is a shared responsibility. Clearly, the best protection against campus crime is an aware, informed and alert campus community; students, faculty and staff who use caution; and a strong, visible safety presence.

The vast majority of our students, faculty, staff and visitors never experience crime at Manchester University. However, despite our best efforts, crimes do occur. The men and women of the Manchester University Campus Safety Office in conjunction with Parkview Police and Public Safety are committed to maintaining a safe and secure campus, by providing a contemporary and professional public safety service with a strong emphasis on customer service. The hallmark of our service is a commitment to the principles of honor, integrity, discipline, trust and dedication. Concerns, questions or comments about our department, federal or state law, or Manchester University's compliance with these laws, can be addressed by contacting the Director of University Safety at 260-982-5256.

The information contained in this Annual Security Report is available to new and prospective students and employees, as well as their families, all current members of the campus community and to the general public. INTRODUCTION

At Manchester University, you will never have to go it alone. This is a place where you will learn and grow as a community. You will be accepted for who you are and become who you want to be. You'll get support and draw inspiration from a tight-knit community of faculty, staff, and fellow students, and you'll make friends for life.

Manchester is a place of affordable excellence. We're included in U.S. News & World Report's "Great Schools, Great Prices" ranking because our students find success on campus and off – and 96 percent of our graduates are employed or in graduate school or join full-time voluntary service within six months of graduation!

MANCHESTER UNIVERSITY MISSION STATEMENT

Manchester University respects the infinite worth of every individual and graduates persons of ability and conviction who draw upon their education and faith to lead principled, productive, and compassionate lives that improve the human condition.

UNIVERSITY SAFETY AND SECURITY

The safety and security of the Manchester University community and guests are a primary concern of the University. For this reason, the University has contracted with Parkview Police and Public Safety to provide security patrols, and to respond to all emergencies on the Fort Wayne campus. The University also employs a facilities and safety coordinator to supplement our safety efforts and acts as a liaison with the Director of University Safety. Though the officers are not on the premises of the College of Pharmacy 24/7, Parkview Security officers may be contacted at any time of the day, by calling their dispatcher at 260-266-1800.

AUTHORITY OF CAMPUS OFFICERS AND RELATIONSHIP WITH LAW ENFORCEMENT

Although the non-sworn Parkview officers do not make arrests, (sworn Parkview Police officer do have arrest powers), they do maintain a very close working relationship with the Fort Wayne Police Department and other state and local law enforcement agencies. The University does have a written memoranda of understanding with local law enforcement agencies for the investigation of alleged criminal offenses. Local law enforcement agencies are quick to respond to calls for assistance from crime victims and University staff alike.

COLLECTION AND ANALYSIS OF CRIME INFORMATION

Campus incident reports are reviewed by the Director of University Safety, who in turn, makes the final determination regarding Clery crime classification. A record of the classification process is maintained in the Campus Safety Office. The University formally solicits crime report information from appropriate external agencies for the Ft. Wayne Campus to include: Parkview Health Police Dept., Ft. Wayne City Police Dept., Allen County Sheriff's Dept., Indiana State Police as well as the Indiana State Excise Police. The Director of University Safety contacts local law enforcement throughout the year to obtain timely updates that may assist in campus investigations and prevention programming.

CAMPUS SECURITY AUTHORITIES (CSAs)

CSAs as defined by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are required to immediately report any information related to potential criminal activity to University Safety. Campus Security Authorities include, but are not limited to, Manchester University employees with significant responsibility for students or campus activities to include but not limited to all Student Life personnel and student organization leaders. The University Safety Office surveys University Security Authorities at least once a year, to collect unreported data. The Director of University Safety has created an online form for all CSAs to use via the Manchester University website via ChetNet>Forms>Clery Incident Report links and provides training during all new employee orientations. All CSAs are required to complete annual training via the Safe Colleges learning platform.

CRIME REPORTING

Students, faculty, staff and guests of the Manchester University College of Health Sciences and Pharmacy are encouraged to report emergencies and criminal activities to the Facilities and Safety Coordinator at 260-470-2676 or Parkview Police and Public Safety dispatcher. To report an emergency or criminal activity, dial 260-266-1800, and a Parkview officer will take a report and follow up on your information. Crimes and emergencies may also be reported to the Dean of Health Sciences and Pharmacy or to the Dean of Student Life, Fort Wayne.

Parkview officers work closely with professional counselors, to assist victims in reporting crimes, and to ensure the accurate disclosure of all crime statistics. At Manchester University College of Health Sciences and Pharmacy, we prefer all criminal activity to be immediately reported to Facilities and Safety Coordinator, 260-266-1800 or Parkview Police and Public Safety, 260-266-1800, or to the above listed persons, and not through any indirect means. For this reason, we do not have a confidential reporting process; however, professional counselors work closely with clients who have self-disclosed being victimized, encouraging them to promptly report all crimes. Victims desiring criminal prosecution are encouraged and assisted by University officials, including the Dean of Health Sciences and Pharmacy or to the Dean of Student Life, Fort Wayne. From the filing of the initial report, through the follow-up investigation, University officials work closely with local police agencies and the Prosecutor's Office.

OFF CAMPUS CRIME

If any off campus police departments are contacted about criminal activity off-campus involving Manchester University students, the police may notify university authorities. Students in these cases may be subject to arrest by the local police and University disciplinary proceedings through the University Conduct System.

DISPOSITIONS OF DISCIPLINARY PROCEEDINGS

The Department of University Safety works collaboratively with the Conduct System to uphold the University's policy and procedures found in *The Source*. University jurisdiction relative to the enforcement of the policies and procedures includes: 1) incidents that occur on college premises and at locations leased or controlled by the University; 2) at University sponsored or University-supervised programs and events regardless of location including but not limited to internships, field study, community-based learning or service, athletic events, and study abroad; 3) at off campus premises when the behavior may adversely affect the Manchester University community or its reputation, including but not limited to violations of *The Source*; 4) which relate to any facet of the relationship between Manchester University and the student. The University may pursue disciplinary action against a student at the same time the student is facing criminal charges even if the criminal prosecution is pending, has been dismissed, or the charges have been reduced. The policy and procedures shall apply when the conduct occurs, before classes begin, during breaks and when student conduct is discovered after the degree is awarded.

The University may release publicly the name, nature of the violation and the sanction for any student, faculty or staff who is found in violation of a University policy that is a "crime of violence", including: arson, burglary, robbery, criminal homicide, sex offenses, assault, destruction/damage/vandalism of property and kidnapping/abduction or a non-forcible sex offense. Upon request, the University will release this information to the alleged complainant, or next of kin if the victim is deceased, in any of these offenses regardless of the outcome.

ACCESS TO CAMPUS FACILITIES

Manchester University College of Health Sciences and Pharmacy is an open campus and is accessible to the general public. During the academic year, the building is unlocked between the hours of 8 a.m. to 5 p.m., Monday through Friday.

MAINTENANCE AND SECURITY OF CAMPUS FACILITIES

Members of the University community may report safety and security problems by contacting the Facilities and Safety Coordinator at 260-470-2676.

The Facilities and Safety Coordinator, in consultation with Parkview Police and Public Safety, maintains buildings and grounds with a concern for safety and security. Staff members inspect campus facilities, making repairs and responding to reports of potential safety and security hazards.

SECURITY AWARENESS PROGRAMS

Members of the Manchester University campus community are encouraged to be responsible for their own personal safety and security, and the personal safety and security of other members of the community. At new student orientation, all first-year students are required to complete multiple modules on the Safe Colleges learning platform pertaining to campus security, fire safety, crime prevention and enforcement procedures with an introductory presentation by the Director of University Safety. Members of the University Safety team conduct crime prevention and general security and safety awareness presentations when requested. Manchester University sponsors a variety of educational programs that seek to raise awareness of personal safety and crime prevention strategies.

- University Safety offers SPEAR Personal Protection training to all safety officers, student patrol workers as well as to all students/faculty and staff per request.
- The Intoxicated Student Guidelines provides for a concentrated effort and joint response to all drug and alcohol cases, where a student's well-being is in question. On duty personnel, including the Facilities and Safety Coordinator as well as the University Nurse is consulted as needed, per policy. If needed, off campus EMS personnel are summoned.

Counseling/Intervention Services:

It is the goal of the University to offer pathways to repair harm when students are found in violation of the University's drug and alcohol policies. These pathways typically involve education, awareness, and an opportunity to explore their choices through Motivational Interviewing. The University recognizes our limitations in terms of services and/or the ability to inspire a student to acknowledge drug or alcohol abuse or addiction problems; however, we do seek to make students aware and assist those who desire additional services.

A student referred through our Restorative Justice program meets one to one with a member of the counseling staff for a structured interview. A contract is signed which explains expectations and consequences if expectations are not fulfilled. The student also talks about the situation which generated the referral and is instructed how to access and complete the on-line course. This course is purchased through 3rd Millennium Classrooms and was created for college students and recommended through NASPA. After completion of the on-line course and Personal Reflection questions, the student meets again with the staff person to process reactions to the course and responses to the questions.

Students at any time may self-refer to counseling services to receive counseling and/or a referral to community counseling services to address drug and/or alcohol services. Information is available to students, faculty and staff regarding local AA meetings and Al-Anon meetings.

For a full account regarding Manchester University's commitment to Prevention and Education strategies please see the Drug-Free Schools and Communities Regulations Biennial Review Report at <https://www.manchester.edu/student-life/counseling-services/alcohol-and-other-drugs>

SAFETY TIPS

There are a number of simple and effective actions that everyone can take to minimize their risk of becoming a victim. These include: (please note, it is not the University's intent to suggest that the lack of following any of the below is in any way blaming the victim for their victimization. The below are merely being offered for consideration).

- Don't walk alone at night and avoid shortcuts or remote areas.
- Have your keys ready as you approach your car or residence.
- If you believe you are being followed, call 911.
- Use the buddy system at parties and events.
- Always be aware of your surroundings and follow your instincts.

CRIME ALERTS

As required by the Clery Act, the Director of University Safety in consultation with the offices of the Dean of Health Services and Pharmacy, the VP for Student Life and the Facilities and Safety Coordinator, posts crime alerts following the reporting of all serious crimes, when there exists a continued threat to students, employees or others. These alerts may be posted in prominent locations campus-wide and/or distributed to students, staff and faculty via email/text announcements. This is done in a manner that is both timely and informative, to aid in the prevention of similar crimes. Information may be temporarily withheld if the release of such information would jeopardize an ongoing investigation or a person's safety, cause a suspect to flee or evade detection, or result in the destruction of evidence.

PUBLIC CRIME LOG

In accordance with the provisions of the Clery Act, the University Safety Office, in consultation with the Facilities and Safety Coordinator and Parkview Police and Public Safety will maintain a public crime log containing the following information for each crime reported: crime classification, date and time of offense, location of offense, and the disposition of the complaint. As per the federal requirement, this information will be made available within two (2) business days from the date of occurrence/report. The crime log contains information related to crimes reported during the most recent 60-day period. Any portion of the log older than 60 days will be made available within two business days of a request for public inspection. To review the log, you may stop by the office of the Facilities Coordinator & Human Resources Liaison between the hours of 8 a.m. and 5 p.m., Monday through Friday. These statistics reflect all reported allegations of criminal activity, regardless of the outcome of any conduct/criminal proceeding.

TIMELY WARNINGS AND EMERGENCY NOTIFICATIONS

NOTIFYING THE CAMPUS COMMUNITY OF CRIMES AND EMERGENCIES - InformaCast

Spartan Alert (MU Alert messages may be sent to campus e-mail addresses, external e-mail addresses, and text-enabled devices. If you have any concerns about the validity of a MU Alert message, call University Safety, 260-982-5999 or Parkview Police and Public Safety at 260-266-1800.

This contact information is automatically loaded for students upon enrollment with the university. For faculty/staff mobile phone numbers and contact information for their emergency contacts, will be collected by going to ChetNet via the University Website>Spartan Alert Sign-up for messages. University Safety will direct faculty/staff at new employee orientation.

In accordance with the Higher Education Opportunity Act, on an annual basis, the University Emergency Management and Safety Committee will coordinate, plan, and conduct at least one test of the emergency response and evacuation procedures, including a test of the mass emergency notification system. The test may involve all portions of the campus or a segment thereof. The intent of the drill is to assess and evaluate the effectiveness of the University's emergency plan and capabilities. Some drills will be announced and well publicized to the campus community prior to the event, while others may be unannounced.

1. Emergency Notification (using InformaCast alert system)

Who:

The President or their designee, the Dean of Health Sciences and Pharmacy and University Safety is responsible for determining the deployment of the Spartan Alert System (MU Alert) for use in disseminating emergency notification information.

2. Timely Warning

Scope:

A timely warning is triggered when certain crimes have occurred and represent an ongoing threat. The timely warning is issued in an effort to aid in the prevention of similar crimes. As the timely warning is meant to increase awareness of criminal activity, the names of victims will not be disclosed in a timely warning message, but a known perpetrator’s name may be used.

The Clery Act specifies that “an institution that issues an emergency notification is NOT required to issue a timely warning based on the same circumstance; however, the institution must provide adequate follow-up information to the campus community as needed.”

Examples:

Clery Act defined crime such as rape, sexual assault, burglary, homicide, and other violent crimes that impact people or assets (buildings, cars, personal possessions) where the perpetrator no longer remains at large and for which an immediate dangerous condition no longer exists for students or employees. (For example, the University notifies the community about a rash of motor vehicle thefts which occurred in the parking lot on the previous day.)

When:

A timely warning will be issued as soon as the pertinent information is available.

How:

Text messages and email, using InformaCast with information template as required by the Clery Act.

Who:

The President or their designee, the Dean of Health Sciences and Pharmacy or the Director of University Safety (in consultation with local law enforcement), are responsible for determining if a timely warning is to be issued.

Tracking the Communication Process

The incident will be tracked, from initial reporting to full conclusion, inclusive of time-stamped phone calls and electronic communications in order to assess the timeliness of decision-making and communication for post-event evaluation.

Closing the Communication Loop

In both the Emergency Alert and Timely Warning scenarios outlined above, the University will issue a “wrap-up” communication which will serve to close the communication loop for each incident. The campus community deserves the reassurance that law enforcement and/or campus security have investigated and brought the incident to a satisfactory conclusion.

CRISIS COMMUNICATION PLAN

When conditions are present that meet the definition of an emergency, the Chief of Parkview Police and Public Safety, The Dean of Health Sciences and Pharmacy or their designee, Director of University Safety and the VP for Facilities and Auxiliary Operations shall place into immediate effect appropriate procedures necessary and possible to meet the emergency, safeguard persons and property, and maintain educational facilities. The Chief of Parkview Police and Public Safety, the Dean of Health Sciences and Pharmacy or their designee, Director of University Safety and the VP for Facilities and Auxiliary Operations shall immediately consult with the President or their designated alternate regarding the emergency and follow directions as set forth in this response plan.

DRUG AND ALCOHOL POLICIES

While the position to use or not use alcohol and other drugs is a matter of personal choice, the position of an institution to prohibit such possession and use and to enforce that decision is a right of the institution. Manchester University believes that use of alcohol and other drugs is detrimental to the educational environment and objectives of the University, and is, therefore, prohibited.

Manchester University is committed to providing a drug-free environment. It is widely recognized by health professionals that alcoholic beverages, tobacco and other drugs have a profound effect on the health and behavior, both social and personal, of users. On a college campus, alcohol and other drugs invariably interfere with the student's academic work. And a student's behavior while under the influence can lead to interpersonal conflicts, violations of civil law, and actions endangering health, life, safety and property.

SECURITY REPORT

NOTE: If a student's health, academic performance, or continuation at the University appears to be jeopardized by use/abuse of alcohol or other drugs, the University may require an assessment, with the results being made a matter of confidential record. Continued abuse of alcohol or other drugs could result in the University requiring treatment as a condition of enrollment.

Education

The University takes seriously its responsibility to educate students regarding the effects, uses, and abuses of alcohol or other drugs. The University offers programs and services intended to help students make healthy decisions.

Failure to comply with the Drug-Free Schools and Campuses Regulations may forfeit an institution's eligibility for federal funding." –[The U.S. Department of Education High Education Center for Alcohol and Other Drug Abuse and Violence Prevention.](#)

Report Created and Reviewed by the following:

This review is completed by Alcohol and Drug Prevention Coordinator at Manchester University and reviewed with the help of the VP of Student Life, University Safety, Residential Life, Counseling Services, and Health Services.

Alcohol and Drug Prevention efforts

Manchester University communicates expectations regarding drug and alcohol use through our MU Source for students, education for staff and students, and programming throughout the academic year.

The “Alcohol and Drug Prevention Committee” was formed in 2006 after first applying for and not receiving the NCAA CHOICES grant. The University sought to have a common message on the campus regarding drug and alcohol use and prevention of abuse. In addition, the goal was to assure that the efforts for the prevention were broader than one particular department. The committee currently has representation from Student Life. The following specific areas are represented: Counseling Services, Student Success, Student Career leadership, Student Conduct staff, University Safety, and an athletic liaison. The chair of this committee is the Alcohol and Drug Prevention Coordinator.

The committee meets monthly during the academic year and discusses drug and alcohol issues such as current trends, specific concerns at Manchester University, and effective intervention to assure the safety and success of Manchester University students.

Counseling/Intervention Services:

It is the goal of the University to offer pathways to repair harm when found in violation of the University’s drug and alcohol policies. These pathways typically involve education, awareness, and an opportunity to explore their choices through Motivational Interviewing. The University recognizes our limitations in terms of services and/or the ability to inspire a student to acknowledge drug or alcohol abuse or addiction problems; however, we do seek to make students aware and assist those who desire additional services.

A student referred through our Restorative Justice program meets one to one with a member of the counseling staff for a structured interview. A contract is signed which explains expectations and consequences if expectations are not fulfilled. The student also talks about the situation which generated the referral and is instructed how to access and complete the on-line course. This course is purchased through 3rd Millennium Classrooms and was created for college students and recommended through NASPA. After completion of the on-line course and Personal Reflection questions, the student meets again with the staff person to process reactions to the course and responses to the questions.

RESTORATIVE JUSTICE PROCESS

Manchester University believes in the infinite worth of each individual and the improvement of the human condition. Restorative Justice ("RJ") allows for fair process with engagement, explanation, and expectation of clarity, which allows growth in mindset, and maturity of a student while provided with the opportunity to learn from mistakes. It will encourage students to take responsibility by holding them accountable for their actions including repairing harm. Finally, it will enable the restoration of an individual in the community. The restorative justice approach supports each member(s) of the community while they repair harm. At times, it becomes necessary for the University to intervene. In the event that an individual or group of community members chooses to violate University standards, values, or behavioral expectations, they can expect to participate in a restorative justice process. This process may include one of the following possibilities: 1:1 In minor behavior violation situations, Restorative Justice Coordinator or Student Life designee(s) may meet with the individual(s) involved and attempt to resolve the situation. This may result in an agreement, a mediation, referral for counseling, or creative sanction.

The University Hearing Panel

University Hearing Panel is composed of three (3) full-time members of University Staff and Faculty. The University Hearing Panel will hear cases when the content of the behavior is such that it is prudent for faculty/staff to hear the complaint. Panels are appointed to hear specific cases by the Conduct Coordinator or Student Life designee(s).

Platforms: Manchester University reserves the right to hold hearings on Microsoft Teams.

Standard of Proof: Manchester University uses a preponderance of the evidence standard when determining responsibility in MU Standard violations. A preponderance of the evidence means that the evidence shows that it is more likely than not that, the accused individual violated a University standard. The accused individual will be found responsible for alleged standard violation if the 1:1 or UHP concludes that a violation is more likely than not occurred based upon careful review of all evidence presented.

Note: Student hearing notices are delivered by email and students are expected to regularly check their email.

PATHWAYS TO REPAIRING HARM

Upon the determination of a violation, each student participates in the development of a Memorandum of Understanding (MOU) with steps to repair harm for the individual in the community. Pathways may include but not limited to assessment, counseling, community service, mediation, education development, and suspension/expulsion. Pathways are developed with each hearing body. Each pathway is developed to ensure an understanding of the impact of violating the MU Standard and the willingness of an individual to accept responsibility for actions. Each MOU is monitored by the Conduct Coordinator for compliance, non-compliance will result in student account holds.

***** Should the behavior of a student be deemed counter to the education process, and/or harmful or dangerous to other students/ faculty/staff, the University reserves the right to remove that student from particular settings related to the University (i.e. the institution, a class, a team, or a residence or social participation) pending the outcome of the disciplinary process.*****

APPEAL

Students who have been found to be in violation of University standards have the opportunity to appeal the finding under the following circumstances:

1. New unexamined evidence or considerations are presented.
2. The student believes that there was undue bias present in their earlier hearing/review.
3. The student believes that the outcome of the hearing/review was too severe in relationship to the violation.

Appeals to hearings/reviews must be submitted to the Vice President for Student Life within three business days of the hearing/review. Appeals are to be in writing and are to note which of the circumstances listed above the student wishes to have considered. Appeals will be addressed by the Vice President for Student Life and/ or their designee. The Vice President for Student Life may call an Appeal Board to review the appeal. The Appeal Board would be comprised of faculty, staff, and when appropriate, students. The Vice President for Student Life or the Appeal Board can refer the case back to the University Hearing Panel for reconsideration with comment or they may make a final decision and no other appeal exists.

Substance Abuse Policy from the Manchester University Employee Handbook

The University has a duty to provide a safe working environment for its employees. Each employee has a corresponding duty to their co-workers and to Manchester University students to deliver services in a safe and conscientious manner. To help ensure that these responsibilities are fulfilled, employees must work free from the effects of performance-impairing substances (including illegal drugs or prescription drugs herein called “Controlled Substances” and their metabolites, and alcohol).

Any employee of Manchester University who improperly uses controlled substances or alcohol while working or while conducting business on behalf of the University, or who attempts to work while under the influence of same, potentially endangers themselves as well as co-workers. Possession, manufacture, distribution, dispensation or sale, use, consumption or being under the influence of a controlled substance while on the University campus (including parking lots) or while on University business is strictly prohibited. Possession of prescription drugs without a valid prescription for such drug is also prohibited. Working while intoxicated or under the influence of illegal drugs or prescription drugs without a valid prescription is prohibited.

All employees must abide by the terms of the substance abuse statement and are required to notify the director of human resources of any drug- or alcohol-related conviction(s) no later than five days after such a conviction. Prescription drugs also may affect performance and behavior. Accordingly, they must be used only in the manner, combinations and quantities in which they are prescribed, and only by the individual for whom they are prescribed. Any employee using prescription drugs that may affect their job performance or behavior must discuss their job requirements with the prescribing physician, and, if advised by the physician, discuss the matter with their supervisor and the Office of Human Resources.

Violation of this policy will result in corrective action, up to and including discharge, and may result in legal prosecution. Legal prosecution for the use, possession and/or distribution of controlled substances can result in fines, probation and/or imprisonment.

Testing for Controlled Substances and/or Alcohol

Reasonable Suspicion

The University reserves the right to require an employee to undergo an immediate alcohol and/or drug test when/where reasonable suspicion exists that the employee is under the influence of alcohol or controlled substances when reporting to work or when acting within the scope and course of employment. Reasonable Suspicion includes, but is not limited to, the observation of an on-duty employee behaving in a manner that suggests the employee is under the influence of alcohol or a controlled substance.

Searches

When there is Reasonable Suspicion that an employee is in violation of the Substance Abuse Policy, the University, at its discretion, may conduct a search of the employee's office and on-site property. Such property includes, but is not limited to, University-owned vehicles, desks, containers, files or lockers. Discovery of controlled substances in violation of this policy, or a refusal to allow a search, will subject the employee to corrective action up to and including discharge.

Employee Assistance for Substance Abuse

Voluntary Referral

The University recognizes alcohol and drug dependency as major health and behavior problems and is prepared to offer assistance if requested. Any employee who suspects he or she has developed an addiction to, dependence upon, or a problem with alcohol or drugs (legal or illegal) is encouraged to seek assistance through their immediate supervisor, the Office of Human Resources or the Employee Assistance Plan. In-patient and out-patient programs are available, with insurance benefits in many instances. Requests for assistance will be treated confidentially.

Mandatory Referrals

Any member of the leadership team who recognizes or suspects that an employee may need professional help for substance abuse may confidentially refer the employee to the Office of Human Resources or the Employee Assistance Plan.

Terms of Assistance

Mandatory referrals to substance abuse treatment will not jeopardize an employee's position as long as the treatment plan agreed upon by the University and employee is followed. Any employee who is abusing drugs or alcohol may request outpatient treatment or, upon request, may be granted a personal leave of absence to undertake inpatient rehabilitation treatment. The employee will be permitted to return to work from in-patient treatment only after completion of the rehabilitation program is certified.

The University reserves the right to require random drug and/or alcohol testing for an appropriate length of time following return to work. It is the employee's responsibility to comply and cooperate with the prescribed treatment. Refusal to accept diagnosis or treatment, or leaving a rehabilitation program before being released will be handled as any other situation that adversely affects job performance. Employees returning to work from mandatory referral will return only under the terms of a Last Chance Agreement satisfactory to the University.

BIAS-RELATED INCIDENT POLICY

Bias incidents are acts that do not appear to constitute crimes or actionable discrimination, but which may intimidate, mock, degrade, or threaten individuals or groups and which one could reasonably conclude targets a member or group within the University community because of that individuals or group's actual or perceived age, ancestry, or ethnicity, color, creed, disability, gender, gender identity or expression, immigration or citizenship status, marital status, national origin, race, religion, religious practice or sexual orientation. Bias incidents can cause a number of emotional responses including but not limited to anger, fear, resentment (in others) or could endanger the health, safety, or welfare of anyone in the Manchester community.

Bias incidents take many forms including words, signs, symbols, threats or actions, electronic or in person. They include acts of intimidation, vandalism, harassment, and expressions of hate or hostility; they have an adverse impact on the learning environment that is inclusive of all.

HARASSMENT

Application

Manchester University seeks to provide an environment free of any behavior constituting harassment as defined below as well as by civil or criminal law applicable to Manchester University. Manchester University invites students, faculty and staff to join together in fostering an environment of mutual respect.

Definition

Manchester University defines Harassment as the systematic or continued unwelcome actions of one party or a group, including threats and demands, interpersonal conduct or comments-written, spoken or transmitted electronically—which would be offensive to a reasonable person, for reasons including but not limited to their race, color, national origin, ancestry, sex, sexual orientation, gender identity, or expression, religion, age, disability, veteran status, physical characteristics, familial status, or any other legally protected category. Similarly, any form of intentional behavior that a reasonable person would find threatening or intimidating because they are in a protected category constitutes harassment. (Sexual harassment is specifically addressed below.) Such acts can create a hostile or intimidating work or educational environment that not only damages the process of teaching and learning, but also violates the integrity of the university. Manchester University affirms that it values both freedom of speech and appreciation of diversity. MU understands the fundamental importance of the open and free exchange of ideas and opinions and does not wish to limit or abridge those exchanges. It recognizes that conflicts may arise between freedom of speech and the right of individuals to be free from harassment and statements or dissemination of opinion will be made with a proper regard for the protection of individual rights, religious and moral convictions and academic freedom and advocacy.

SEXUAL HARASSMENT

What is sexual Harassment?

Sexual harassment is a form of sex discrimination involving inappropriate introduction of sexual activities, stereotypes, or comments into the learning, living or working environment. Often, sexual harassment involves individuals in relationships of unequal power that contains elements of coercion, as when compliance with requests for sexual favors becomes a criterion for granting academic, social or work benefits.

Sexual Harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment also may involve individuals making inappropriate sexual advances or repeated verbal remarks or suggestions having a harmful effect on a person's ability to study, work or otherwise function in the campus setting.

Any of the following constitute sexual harassment:

1. Explicit or implicit promises of rewards for cooperation through misuse of institutional authority, for example, to affect a subordinate's admission or employment, academic or professional advancement, financial aid or salary, grades or performance ratings, graduation or tenure
2. Explicit or implicit threats of punishment for noncooperation through misuse of institutional authority, for example, to affect a subordinate's admission or employment, academic or professional advancement, financial aid or salary, grades or performance ratings, graduation or tenure
3. Intimidation through sexual harassment that creates a hostile or offensive environment, interferes with an individual's scholastic or work performance, prevents an individual's full enjoyment of educational, professional, social opportunities, or induces stress, anxiety, fear or sickness on the part of the harassed person
4. Activities such as comments repeatedly emphasizing the sexuality or sexual identity of individual, persistent requests for social-sexual encounters or favors, or unwanted physical contacts

What happens if I report sexual harassment?

University Safety Office will contact you to fill out a statement. All staff are trained to advise you about your options regarding immediate counseling and/or pursuing police and University Conduct System. Filing a statement does not necessitate pursuing police or University Conduct System involvement.

TITLE IX SEXUAL HARASSMENT POLICY

INTRODUCTION

Members of the Manchester University Community have the right to be free from all forms of Sexual Harassment which impede the realization of the University's mission, respects the infinite worth of every individual and graduates persons of ability and conviction who draw upon their education and faith to lead principled, productive, and compassionate lives that improve the human condition. All members of the University Community are expected to conduct themselves in a manner that maintains an environment free from Sexual Harassment. As such, Manchester University does not discriminate based on sex and is committed to providing an educational environment free from sex discrimination.

As a recipient of federal funding, the University is required to comply with Title IX of the Higher Education Amendments of 1972, 10 U.S.C. § 1681 et seq. (Title IX). Title IX is a federal civil rights law that prohibits discrimination based on sex — including pregnancy discrimination and Sexual Harassment — in educational programs and activities. Title IX's sex discrimination prohibition extends to claims of discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity.

Sexual Harassment is defined broadly under this Sexual Harassment Policy. Sexual Harassment includes Sexual Assault, Sexual Harassment, Non-Consensual Sexual Contact, Non-Consensual Sexual Intercourse, Sexual Exploitation, and Sexual Misconduct with a Minor, Child Molesting, and sex discrimination, as defined below. Sexual Harassment is a violation of University policy, state and federal civil rights laws, and may violate state and federal criminal laws. When an allegation of Sexual Harassment is brought to an appropriate individual's attention, and a Respondent is found to have violated this policy, the University will issue appropriate sanctions to prevent future misconduct.

Manchester University reserves the right to take whatever measures it deems necessary in response to an allegation of Sexual Harassment in order to protect the rights and personal safety of Students, employees, and other members of the University Community. Such measures include, but are not limited to, modification of living arrangements, interim suspension from campus pending a hearing, and reporting the matter to local police. Not all forms of Sexual Harassment will be deemed equally serious offenses, and the University reserves the right to impose different sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense. The University will consider the concerns and rights of both the Complainant and the Respondent.

DEFINITIONS

The following terms and definitions apply to this Policy.

Actual Knowledge

Notice of Sexual Harassment or allegations of Sexual Harassment to a University's Title IX Coordinator or any official of the University who has authority to institute corrective measures on behalf of the University. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute Actual Knowledge. This standard is not met when the only official of the University with Actual Knowledge is the Respondent. The mere ability or obligation to report Sexual Harassment or to inform a Student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the University. "Notice" includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator.

Appointee

An individual deemed to have an affiliation with the university in a non-compensatory capacity as designated in the applicable Human Resources Information System.

Child Molesting

A person at least 18 years of age who, with a child under 14 years of age, performs or submits to sexual intercourse or sexual conduct, or performs or submits to any fondling or touching for sexually gratifying either person.

Complainant

Any person who is reported to have experienced conduct prohibited by this policy, regardless of whether that individual makes a report or participates in the review of that report by the university, and regardless of whether that person is a member of the University Community.

Consent

Permission that is clear, knowing, voluntary, and expressed prior to engaging in and during an act. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as Consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

- A. Consent to any one form of sexual activity cannot automatically imply Consent to any other forms of sexual activity.
- B. Consent may be withdrawn at any time.
- C. Previous relationships or prior Consent cannot imply Consent to future sexual acts; this includes “blanket” Consent (i.e., permission in advance for any/all actions at a later time/place).
- D. Consent cannot be given by an individual who one knows to be – or based on the circumstances should reasonably have known to be – substantially impaired (e.g., by alcohol or other drug use, unconsciousness, etc.).
 - i. Substantial impairment is a state when an individual cannot make rational, reasonable decisions because they lack the capacity to give knowing Consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).
 - ii. This also covers individuals whose substantial impairment results from other physical or mental conditions including mental disability, sleep, involuntary physical restraint, or from the consumption of alcohol or other drugs.
 - iii. Being impaired by alcohol or other drugs will never function as a defense for any behavior that violates this policy.
- E. It is the obligation of the person initiating the sexual activity to obtain Consent.
- F. An individual cannot Consent who has been coerced, including being compelled by force, threat of force, or deception; who is unaware that the act is being committed; or whom a supervisory or disciplinary authority coerces.
 - i. Force: violence, compulsion, or constraint; physically exerted by any means upon or against a person.
 - ii. Coercion: the application of pressure by the Respondent that unreasonably interferes with the Complainant’s ability to exercise free will. Factors to be considered include, but are not limited to, the intensity and duration of the conduct.
- G. A person who does not want to Consent to sex is not required to resist or verbally object.
- H. Withdrawal of Consent can be manifested through conduct and need not be a verbal withdrawal of Consent (i.e., crying, pulling away, and pushing away, not actively participating, laying there, uncomfortable or upset facial expression).
- I. An individual who has not reached the legal age of Consent under applicable law may not give consent.

Dating Violence

Violence committed by a person—

- A. who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- B. where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - i. The length of the relationship
 - ii. The type of relationship
 - iii. The frequency of interaction between the persons involved in the relationship

Decision Maker

The administrator(s) who oversee(s) any hearing or appeal, which takes place as part of the formal resolution process.

Domestic Violence

Conduct that would meet the definition of a felony or misdemeanor crime of violence committed by the Complainant’s current or former spouse or intimate partner, a person with whom the Complainant shares a child in common, a person who is or has

Formal Complaint

A complaint filed by the Complainant or the University that triggers the University's full investigation and hearing process under Title IX.

Investigator

An individual assigned by the Title IX Coordinator to investigate the alleged Sexual Harassment and oversee the investigative hearing.

Mandated Reporter

Mandated Reporter identifies any Manchester University employee who has a mandate to report incidents of Sexual Harassment to the Title IX Coordinator. - B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or
- C. "Sexual assault" as defined in 20 U.S.C.1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

The Title IX Coordinator or designee will evaluate the request to determine whether the University can honor the request while still providing a safe and nondiscriminatory environment.
- C. A decision to proceed despite an individual's request will be made on a case-by-case basis after an individualized review, and the Complainant will be notified if such a decision is made. - D. All individuals involved in the process should observe the same standard of discretion and respect for everyone involved in the process.

- B. Retaliation is a serious violation that can subject the offender to discipline, up to and including termination of employment and/or suspension or dismissal of a Student, independent of the merits of the underlying allegation.
- C. Allegations of Retaliation should be reported to the Title IX Coordinator.

VIII. INVESTIGATION AND RESOLUTION OPTIONS

- A. Initial Assessment
 - i. The Student Life Division reviews all reports of Sexual Harassment under this policy under the direction of the Title IX Coordinator or designee for an initial assessment of the reported information. The available

resolution options will be guided by the availability of information or evidence suggesting that a policy violation may have occurred; the University's obligation to investigate and provide appropriate remedies to eliminate, prevent, and address the effects of the prohibited conduct; and the desire of the Complainant to participate in an investigation or other resolution.

- ii. Upon completion of an initial assessment, the Title IX Coordinator or designee will determine the available options for resolution and will communicate the options to the parties.
- B. Informal Resolution
 - i. Informal resolution may be utilized in some circumstances if the University deems appropriate and both parties agree to it.
- C. Investigative Resolution

The Student Life Division, Title IX Team may resolve a report of Sexual Harassment through investigative resolution when the alleged Sexual Harassment, if true, would be prohibited under applicable University policy. In instances when informal resolution is inappropriate, when the party requests, or when the University requires formal investigation, the University will consider the concerns and rights of all parties and provide a prompt, fair, impartial, and equitable process.

IX. REMEDIES

- A. When the University makes a finding of a policy violation, it will take steps, whether individual or systemic, to stop the alleged Sexual Harassment, prevent its recurrence, and remedy the discriminatory effects on the Complainant and others, as appropriate.
- B. Corrective Actions/Sanctions
 - i. When the Respondent is a Student, potential sanctions include formal reprimand, disciplinary probation, suspension, dismissal, and other appropriate educational sanctions.
 - ii. When the Respondent is an employee, corrective actions may be taken pursuant to the [Corrective Action/Termination Policy], [Student Employment Policy], and/or [Faculty Rules]. Disciplinary corrective actions include coaching, development plans, reduction in supervisory duties and leadership responsibilities, changes in salary, termination, and other appropriate corrective actions.
 - iii. Student employees may be subject to corrective action and sanctions under Student and/or employee policies depending on the nature of the case. For instance, a Student employee who is dismissed from the university may also be subject to termination or other corrective actions.
- C. Any corrective actions or sanctions will not take effect until any appeals have been completed.
- D. Interim Supportive Measures
 - i. Supportive measures will be made available to both the Complainant and Respondent whether or not a Formal Complaint is filed to ensure equal access to the University's education and employment programs and activities. The Title IX Coordinator or designee will conduct an individualized assessment and will review requests from Complainant and Respondent to determine supportive measures that are appropriate and reasonably available at no cost to the Complainant or Respondent. Supportive measures may include, but are not limited to:
 - a. No contact directives;
 - b. Referral to campus and community resources for victim advocacy, counseling, health services, legal assistance, immigration assistance, disability services;

If a Student is removed from educational activities in this way, they have the right to challenge the determination of the safety and risk analysis.
 - iii. The Title IX Coordinator or designee will coordinate the provision of interim supportive measures. Parties will not be required to arrange such measures by themselves but may need to participate in communication with supervisors, faculty, and other University employees with a need to know.
 - iv. The University will maintain as confidential any supportive measures provided to the Complainant or Respondent to the extent that maintaining such confidentiality would not impair the ability of the University to provide the supportive measures.
- E. Other Remedial Measures
- i. When the university is unable to proceed with investigative resolution, such as lack of information in the report or request by the Complainant that an investigation not move forward, the university may take other remedial measures as appropriate to remedy the effects of the alleged Sexual Harassment and/or prevent its recurrence. Remedial measures may also be implemented when it is determined that inappropriate behavior occurred, but that the behavior did not rise to the level of a policy violation.
 - ii. Remedial measures may include and are not limited to:
 - a. Providing training on Sexual Harassment;
 - b. Increasing security in a designated space;
 - c. Changing policy or procedure; and
 - d. Conducting climate checks.
- X. FALSE ALLEGATIONS
- A. It is a violation of this policy for anyone to make a false allegation of Sexual Harassment in bad faith. Corrective actions or sanctions may be imposed on individuals who in bad faith make false allegations of Sexual Harassment.
 - B. The absence of a finding of a policy violation is not equivalent to finding that the Complainant acted in bad faith.
- XI. PROCESS ABUSE
- A. No member of Manchester University Community may:
 - i. Obstruct, prohibit, exert improper influence over, or interfere with any individual making a report, participating in a process, or carrying out a responsibility covered by this policy;

PROCEDURE

- I. INITIAL ASSESSMENT
 - A. Upon receiving a report, the Title IX Coordinator will provide information to the Complainant on the availability of supportive measures, the right to file a Formal Complaint, and how to file a Formal Complaint.

SECURITY REPORT

- B. The Student Life Division, Title IX team reviews all reports of Sexual Harassment under this policy under the direction of the Title IX Coordinator or designee for an initial assessment of the reported information. Available resolution options will be guided by the availability of information and evidence suggesting that a policy violation may have occurred; the University's obligation to investigate and provide appropriate remedies to eliminate, prevent, and address the effects of the prohibited conduct; and the availability or desire of the Complainant to participate in an investigation or other resolution.
 - C. Upon completion of an initial assessment, the Title IX Coordinator or designee will determine the available options for resolution and will communicate these options to the parties.
 - D. If the Complainant or the University elects to file a Formal Complaint, the Title IX Coordinator will provide written notice to the Respondent within ten days including:
 - i. The actual allegations of facts that constitute Sexual Harassment and any evidence that supports this;
 - ii. That there is a presumption of innocence in their favor;
 - iii. That all parties are entitled to an advisor of their choice;
 - iv. That all parties can inspect and review evidence; and,
 - v. Information regarding any code of conduct provisions that prohibit false statements made in bad faith.
- II. DISMISSAL OF A COMPLAINT
- A. In the event that prior to, or in the course of, an investigation, the University determines that the allegations fail to meet the definition of Sexual Harassment or did not occur while in the United States and under the University's educational program or activity, the investigation and Formal Complaint will be dismissed. Formal Complaints may still be resolved through an informal resolution process as outlined above or according to procedures set forth in the Student Code of Conduct.
 - B. The University reserves the right to dismiss the Formal Complaint and stop the investigation if:
 - i. The Complainant notifies the Title IX Coordinator in writing that they wish to withdraw their Formal Complaint;
 - ii. The Respondent is no longer enrolled in or employed by the University; or
 - iii. Specific circumstances prevent the school from gathering sufficient evidence to reach a determination about allegations (e.g., lack of participation in the investigative process by parties or witnesses).
 - C. If the University dismisses the Formal Complaint for any reason, either party may appeal the decision as outlined in this policy's appeals process.
- III. INFORMAL RESOLUTION
- A. Informal resolution may be utilized in some circumstances if a Formal Complaint is filed.
 - B. The usage of an informal resolution process is limited in a number of ways:
 - i. Informal resolution is unavailable if the Respondent is an employee of the school.
 - ii. Informal resolution may only be used if any and all parties of an investigation agree to it.
 - C. In all cases, the University will inform the parties of the right to end the informal resolution process at any time. If a party chooses to end the informal resolution process, the University will inform the Complainant of options, including the option to begin the investigative resolution process.
 - D. The University will provide a facilitator, mediator, or decision-maker that is free from conflicts of interest and has received special training in order to facilitate resolution of the Formal Complaint. Training records can be found on the Title IX webpage, Title IX Team.
 - E. Informal resolution can take any form that the parties agree upon. The Title IX Coordinator or designee will work with the parties to develop a form of resolution that adequately resolves the needs of the parties. This may include:
 - i. Facilitated Dialogue: A structured and facilitated conversation between two or more individuals, including, but not limited to the Complainant and the Respondent, which allows for voices to be heard and perspectives to be shared. Depending on stated interests, participants may work towards the development of a shared agreement.
 - ii. Shuttle Mediation: An indirect version of the facilitated dialogue where the Complaint and Respondent develop options or consider alternatives and endeavors to reach an agreement.

- iii. Circle of Accountability: A facilitated interaction between the Respondent and University faculty and/or staff designed to provide accountability, structured support, and the creation of an educational plan.
 - F. Depending on the form chosen, it may be possible for a Complainant to maintain anonymity throughout the informal resolution process.
 - G. As part of the resolution process, additional measures (including, but not limited to educational programming, training, regular meetings with an appropriate university individual or resource, extensions of no contact orders, or counseling sessions) may be agreed upon.
- IV. FORMAL RESOLUTION & HEARINGS
- A. The Student Life Division, Title IX Team may resolve a report of Sexual Harassment through its formal resolution process when the alleged Sexual Harassment, if true, would be prohibited under applicable University policy. In instances when informal resolution is inappropriate, when any party requests, or when the University requires formal investigation, the University will consider the concerns and rights of all parties and provide a prompt, fair, impartial, and equitable process.
 - B. Investigation
 - i. Following the filing of a Formal Complaint, an Investigator will be assigned to the case by the Title IX Coordinator. During the investigation, the Investigator will seek to meet separately with the Complainant, Respondent, and any relevant witnesses who may have information relevant to the incident. The Investigator may also gather or request other relevant information or evidence when available and appropriate. Both the Complainant and Respondent will be asked to identify witnesses and provide other relevant information in a timely manner to facilitate prompt resolution of the case. A dedicated member of Title IX Team does all investigations.
 - ii. Although both the Complainant and Respondent are advised to participate in the investigation process to enable a fair and equitable resolution to any case, neither the Complainant nor the Respondent are required to participate in the investigation process.
 - iii. Formal Complaints of sexual harassment may be consolidated where the allegations arise out of the same facts or circumstances.
 - iv. During the investigation process, parties have an equitable right to:
 - a. Receive notice of the allegations before participating in an interview with sufficient time to prepare for meaningful participation;
 - b. A process with reasonably prompt timeframes, with extensions for good cause, as described in the Procedure section below;
 - c. Present relevant information to the Investigator, including evidence and witnesses;
 - d. Receive timely and equal access to any relevant information, documentation, and evidence gathered during the investigation;
 - e. Have an advisor of their choosing, or through appointment by the University, including an attorney, advocate, or other support person who is not a potential witness in the investigation or could otherwise compromise the investigation, who provides support throughout the formal resolution process, including being present for any meetings or hearings; and
 - f. Investigators who are adequately trained to resolve cases of alleged Sexual Harassment, are familiar with applicable policies and procedures, and who do not have a conflict of interest or bias for or against either party.
 - v. The University must provide a written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings to all parties whose participation is invited or expected with sufficient time for the party to prepare to participate.
 - vi. The University will not restrict the ability of a Complainant or Respondent to discuss the allegations under investigation or to gather and present relevant evidence.
 - vii. Credibility determinations may not be based on a person's status as a Complainant, Respondent, or witness.
 - viii. Following the completion of the investigation, the Investigator will complete an investigative report on the allegations contained in the Formal Complaint. Before the report is finalized, the Investigator will send to

each party and their advisors an electronic or hard copy of all evidence that is directly related to the allegations. The University must include all evidence directly related to the allegations, even if the investigator does not intend to rely on that evidence in making a determination of responsibility. The parties then have at least ten days to provide a written response, which the Investigator will consider before finalizing the investigative report. The finalized report is then circulated for no less than ten days before a hearing is held.

C. Hearings

- i. A Decision Maker(s) oversees all hearings. All Decision Maker(s) have received special training on how to be impartial and are assigned to cases by the Title IX Coordinator to avoid any bias and present an objective analysis of the evidence. In no case is the Investigator for a given case also the Decision Maker(s).
- ii. The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the end of the investigation and hearings.
- iii. The Decision Maker(s) will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding the privilege has waived it.
- iv. Credibility determinations may not be based on a person's status as a Complainant, Respondent, or witness.
- v. Hearings are not legal proceedings and do not follow courtroom procedure or the formal rules of evidence. During any hearings, each party must have an advisor present to ask questions to the other party. This advisor does not need to be licensed to practice law and may be a person of the party's choice or, if they do not have an advisor, the University will provide an advisor for them.
- vi. Questioning & Cross-Examinations
 - a. The Decision Maker(s) may question individual parties and witnesses.
 - b. Parties will have the opportunity to cross-examine the party or witness. Parties may never ask questions directly, and questions must be asked to the other party with a party's advisor. All questions asked must be relevant. Any questions determined not to be relevant by the Decision Maker(s) are not required to be answered.
 - c. If a party or witness is absent from the live hearing or refuses to answer cross-examination or other questions, the Decision Maker(s) may not rely on any statement of that person in reaching a determination of responsibility. The Decision Maker(s) may not draw an inference about the determination regarding responsibility based solely on a party or witness' absence from the live hearing or refusal to answer cross-examination or other questions.
- vii. If, at any point during the hearing, the Decision Maker(s) determines that unresolved issues exist that could be clarified through additional investigation time, the Decision Maker(s) may suspend the hearing and reconvene it in a timely manner that accommodates further investigation.
- viii. Hearings may be conducted virtually with technology at the University's discretion. However, if either the Complainant or Respondent asks to be in separate rooms, the University must grant this request and provide appropriate technology to allow for simultaneous participation.
- ix. All hearings will be memorialized through an audiovisual record and transcript of the live hearing. The recording or transcript will be made available for parties to inspect and review following their completion.

D. Resolution

- i. The Decision Maker(s) will communicate his or her decision to both parties, concurrently. The Decision Maker(s) will communicate the decision in writing and orally as soon as possible after the hearing. In all cases, the Decision Maker(s) will send the parties an outcome letter within ten days of the conclusion of the hearing.

- ii. The Decision Maker(s) base all conclusions by examining all evidence from the investigation and the hearing. Their conclusion is based on the preponderance of the evidence standard: If the evidence indicates that it is more likely than not that Respondent committed the alleged act(s), then the Respondent will be found responsible for violating this policy.
- iii. The Decision Maker(s)'s written decision must include the following information:
 - a. Identification of the allegations potentially constituting Sexual Harassment;
 - b. A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
 - c. Findings of fact supporting the determination;
 - d. Conclusions regarding the application of the University's code of conduct to the fact;
 - e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanction imposed upon the Respondent, and whether remedies designed to restore or preserve equal access to the University's education program or activity will be provided; and
 - f. The procedures and permissible bases for either party to appeal.
- iv. If the Respondent is found responsible for violating this policy, the Decision Maker will consult with any appropriate university officials, depending on if the respondent is a student or faculty/staff member in order to determine the corrective actions and/or sanctions to resolve the case. Any such corrective actions and/or sanctions will be outlined in the Decision Maker(s)'s written decision.

V. APPEALS PROCESS

- A. If either party disagrees with the outcome of the Decision Maker(s)'s determination, they may file a written appeal with the Title IX Coordinator within ten days of receiving the Decision Maker(s)'s written decision.
- B. Appeals may be filed due to:
 - i. A procedural irregularity that affected the outcome.
 - ii. New evidence being discovered that was not reasonably available at the time of the determination or dismissal.
 - iii. A conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter of the Investigator or investigator(s), or decision-maker(s).
- C. The Assigned Appeal Decision Maker will examine all evidence in order to determine if the appeal has merit. The Assigned Appeal Decision Maker will make an unbiased objective conclusion as to the appeal's merit and issue a written decision describing the result of the appeal and the rationale for the result; and will provide the written decision simultaneously to both parties.

VI. RECORDKEEPING

- A. The University shall maintain all records relating to Formal Complaints of Sexual Harassment, as well as all training materials used under this Policy, for seven years.

Prohibited Conduct

Manchester University does not tolerate any type of violence (including sexual violence) involving its employees, students or guests. Employees, students and guests are prohibited from making threats or engaging in violent activities.

The following behaviors, while not all inclusive, are examples of prohibited conduct:

- Causing physical injury to another person
- Any type of Sexual Assault or Sexual Violence (see definitions)
- Making threatening remarks or gestures
- Displaying aggressive or hostile behavior that creates a reasonable fear of injury to another person or subjects another individual to emotional distress
- Intentionally damaging University property or property of another employee, student or guest
- Possessing a weapon without authorization in campus facilities

Student Education on Non-Violence Policy and Procedures Sexual assault prevention and education at Manchester University are provided within several University programs. Through incorporating information on personal security, sexual assault, and prevention of sexual assault into a variety of existing programs, it is intended that students will be exposed to such information throughout their University careers. The primary means used to convey information regarding personal security and sexual misconduct are as follows

1. **Week of Welcome**
Prior to arrival, new students are assigned prevention education through safe colleges which supports the ongoing promotion of Voice and Choice. Upon arrival on campus new students and parents are provided with access to written information regarding safety and security issues on campus. Voice and Choice: is a session which provides students Title IX education, campus policies and prevention of sexual misconduct. It is completed in partnership with the YWCA survivor group. WOW Orientation leaders are provided supplemental information on personal safety tips along with prevention and reporting reminders. WOW orientation leaders are resources for students as they navigate the campus community.
2. **Campus Programs October-Domestic Violence Awareness Month/April Sexual Assault Awareness Month** activities are coordinated with Campus stakeholders and community partners to provide awareness, education and action opportunities. Outside of awareness weeks, Student Life staff members provide programs and educational opportunities in response to student needs.

VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT OF 2013

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA), which, among other provisions, amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports (ASRs). The statute requires institutions to include this new information in the ASR beginning with the ASR that must be provided to students, employees, and prospective students and employees by October 1, 2014.

The HEA defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002(a) of the Violence Against Women Act of 1994 as follows:

“Domestic violence” means a felony or misdemeanor crime of violence committed by -

- A current or former spouse or intimate partner of the victim,
- A person with whom the victim shares a child in common.
- A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA], or
- Any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

“Dating violence” means violence committed by a person-

- Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - o The length of the relationship
 - o The type of relationship; and
 - o The frequency of interaction between the persons involved in the relationship

“Stalking” means “engaging in a course of conduct directed at a specific person that would cause a reasonable person to-

- Fear for his or her safety or the safety of others; or
- Suffer substantial emotional distress.”

OFF CAMPUS PROTECTIVE ORDERS

What is a protective Order?

It is an order issued by a judge that prohibits or restricts another person from engaging in certain conduct. Protective orders can prohibit another person from:

- Threatening to commit or committing an act of violence against you;
- Abusing, harassing or contacting you or a member of your household;
- Entering your property or workplace;
- Damaging your property.

The protective order can also offer other forms of economic relief including child support, maintenance, attorney fees and other costs. The judge determines the specific relief offered.

To get a protective order, you must file a petition with the court. The County Clerk’s office must provide you with the forms and clerical assistance. You do not need an attorney and no fee is required. More information is available on the Indiana Supreme Court website at in.gov/courts/iocs/publications/po-forms/

If you are in immediate danger, a judge can grant you an emergency *ex parte* protection order that gives you immediate protection while the order is being processed. In some cases, a hearing will be ordered within 30 days, when the judge may approve the protective order with terms necessary to stop the violence or threats of violence.

To prepare for a protective order hearing, you should, if you can, bring witnesses, pictures of your injuries, police and medical reports and any other information you have about the violence.

Frequently asked questions

- Do I need an attorney to obtain a protective order?
 - o No.
- Is there a fee to get a protective order?
 - o No.
- Can I get a protective order from any court in Indiana?
 - o In all except small claims court. The petition must be filed in the county in which you live, the abuser lives or in which the abuse occurred.
- What should I do with the order when I get it?
 - o Make copies. Keep one with you at all times. Keep a copy in your car, home, at work and at a friend’s house. Follow up with the court to make sure the abuser is served (Indiana law requires that the abuser receive a copy of it).
- What should I do if the abuser violates the order?
 - o That is a crime in Indiana and the abuser can be arrested for violating it. If you don’t feel safe call 911. When police arrive, show them the order; they should enforce it. Additionally, the violation of an order may also be considered civil contempt and you can request its enforcement by a judge.
- Why should I never invite the abuser to my home or initiate contact while the protective order is in effect?
 - o It is not against the law but it could expose you to danger. It can also be used against you in the court of law.

- What should I do if I move to or visit another county or state?
 - o Your Indiana protective order is valid and enforceable in every other county and state. Be sure to carry a copy with you at all times.
- Can I keep my new address secret?
 - o If you move within Indiana, you can participate in the Address Confidentiality Program. It allows you to use a post office box registered to the State Attorney General as your permanent address. For more information call 800-321-1907
- You have the right to have a victim advocate with you in court to offer emotional support.

NOVEMBER 2016 CARE GRANT/AND CONTINUATION GRANT CYCLE EFFECTIVE OCTOBER 2019

In November of 2016, Manchester University received a \$300,000 grant to support efforts to raise awareness about sexual assault, domestic violence, dating violence and stalking, and enhanced victim support. The three-year award allows Manchester to implement its CARE Initiative – Creating a Respectful Environment – for the North Manchester and Fort Wayne campuses. The plan dovetails with MU Title IX policies and procedures. Manchester applied for and received a continuation of the grant effective October 2019 through September 2020. In September 2021, Manchester University requested the discontinuance of the CARE Grant.

Sexual Violence/Domestic Violence/ Stalking Programming and Training: July 2021 the University Title IX team resumed coordination of prevention based training for intimate partner violence prevention as well prevention pertaining to violence against our community including sexual assault, dating/domestic violence and stalking. Trainings were provided to incoming students, resident hall assistants, and student campus leadership. Work related to supporting the LGBTQ+ community, bystander intervention and survivor assistance resources. Collaboration between campus stakeholders from Athletics, Faculty and Student Life supported Domestic Violence and Sexual Assault Awareness months. Opportunities were provided to support campus prevention awareness, education and action activities.

WEAPONS POLICY

The possession on campus of any instrument that could be perceived as a dangerous and/or deadly weapon, including but not limited to knives (dagger, dirk, poniard, stiletto, switchblade, butterfly, or gravity knife), guns, live ammunitions, airsoft, bb and pellet guns, bows and arrows, martial arts weapons, etc., is not permitted. This prohibition extends to any vehicle parked on University property and to any decor items which, though intended for display only, could be considered potentially dangerous.

Clarification A: This policy is not intended to prohibit the possession of small folding pocket knives, with a blade length of 3 inches or less, or kitchen utensils; however, if such items are used in a threatening or dangerous manner, such behavior will constitute a violation of this policy.

Note: (Any exception to the above policy must be approved in advance by the director of University Safety.)

ANNUAL TEST OF EMERGENCY RESPONSE AND EVACUATION PROCEDURES

In accordance with the Higher Education Opportunity Act, on an annual basis, the Emergency Management and Safety Committee will coordinate, plan, and conduct at least one test of the emergency response and evacuation procedures, including a test of the mass emergency notification system, on each of the Manchester University campuses. The test may involve all portions of the campus or a segment thereof. The intent of the drill is to assess and evaluate the effectiveness of the University's emergency plans and capabilities. Some drills will be announced and well-publicized to the campus community prior to the event, while others may be unannounced.

CRIME PREVENTION EFFORTS

Manchester University works to educate the campus community on sound safety practices. Safety and security-related topics are a part of the programs planned for students and employees throughout the year. University Safety sponsors annual crime prevention programs to student groups, including self-defense programs presented by University Safety staff and other personnel upon request. Programs and training modules via Safe Colleges Learning platform are a part of new student orientation as well as new employee orientation. They are also available upon request for all campus groups.

STUDENT/EMPLOYEE RESPONSIBILITY

The cooperation, involvement and personal support of students and employees is crucial to campus safety. At Manchester University, we sincerely believe that "you are the key to security." Students and employees can assist with their own personal safety and the security of their belongings by taking simple precautions:

- Do not prop open exterior doors to building.
- Lock room doors, even when leaving for short periods of time.
- Ask visitors to identify themselves before admitting them into the building.
- Walk in pairs, especially when going out at night.
- Park your vehicle in well-lit areas and keep it locked at all times; valuables should be concealed.
- Secure your personal information (Social Security number, date of birth, ID number, PINs, passwords, etc.).
- Report suspicious circumstances and unusual incidents immediately.

SEX OFFENDER REGISTRY

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

CRIME STATISTICS

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the campus community obtained from both law enforcement and non-law enforcement sources. Local law enforcement agencies, including the Fort Wayne Police Department, the Allen County Sheriff's Department, the Indiana State Police, and the Indiana State Excise Police, as well as Parkview Police and Public Safety provide the Director of University Safety with information pertaining to criminal acts and arrests that occur on or adjacent to University property. Crime statistics/reports are also obtained from the Dean of Health Sciences and Pharmacy, Fort Wayne Facilities and Safety Coordinator, Parkview Police and Public Security and other members of the University community. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. All of the statistics are gathered, compiled, and reported to the University community via this publication, which is prepared by the Department of University Safety. These statistics reflect all reported allegations of criminal activity, regardless of the outcome of any conduct/criminal proceeding. As cautioned by the U.S. Department of Education, these crime statistics "...represent alleged criminal offenses reported to campus security authorities and/or local law enforcement agencies. Therefore, the data collected does not necessarily reflect prosecutions or convictions for crimes. Because some statistics are provided by non-police authorities, the data are not directly comparable to data from the FBI's Uniform Crime Reporting System, which only collects statistics from police authorities."

The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008, requiring all United States institutions of higher education to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related statistics for on-campus student housing facilities. Manchester University College of Pharmacy does not have on-campus student housing facilities.

Hate Crimes

There were no hate crimes reported for 2020, 2021 or 2022

Unfounded Crimes

There were no unfounded crimes reported for 2020, 2021 or 2022

For Clery Act reporting purposes, the number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons violations the statistics indicate the number of people referred to Conduct for possible disciplinary action for violations of those specific laws. Hate crimes are reported in narrative form and are separated by category of prejudice. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense, which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, the assault is then also classified as a hate crime.
