## THE ALUMNI SHOW **2019**

*A Celebration of Homecoming*

Link Gallery proudly presents *The Alumni Show 2019: A Celebration of Homecoming*, a juried exhibition of works by MU graduates who celebrate their creativity with art-making. For this exhibit, running from September 20 through November 15, 2019, alumni were encouraged to submit up to three original works completed after their year of graduation. With no restrictions on media, painting, drawing, photography, sculpture, fiber arts, printmaking, ceramics, and more were welcomed—a recipe for a visually challenging show indeed. Artists featured in the show include

Bill Allen '68	Barb Limbach '80

Stephen A. Batzka '62	Cheri Rieman '96

While the visual arts at Manchester don't often garner center stage attention, there is an established creative legacy that continues to thrive. In that respect, the underlying goal of this exhibit is to highlight the many different ways art continues to play important roles in the personal and professional lives of Manchester University students. Long after we leave the classroom and the studio, art continues to teach us. This show reminds us of the potential power of the arts, giving all who participate, as artist or viewer, the chance to become students again. What lesson can art teach us? To develop a global perspective, to encourage intellectual curiosity and creativity, and to celebrate the beauty and life surrounding us.

*Join us for a free, public reception during Homecoming weekend, Saturday, Oct. 12, 11 a.m. to 1 p.m.*
