HERE WE GROW AGAIN

and Health Sciences.

"I am overjoyed by the prospect of collaborating with our incredibly accomplished and industrious faculty to advance academic pharmacy and prepare the next generation of medication experts," Smith said. "I also look forward to working more closely with our very talented students in the development of their professional identities. Personally, I am excited to build upon Manchester's remarkable tradition of community service, particularly involving the care of vulnerable and underserved persons in Fort Wayne and the northeast Indiana region."

In his role as dean, he oversees both the Doctor of Pharmacy and Master of Science in Pharmacogenomics programs that are based at the MU Fort Wayne campus.

Smith previously served as pharmacy associate dean of assessment and

Manchester University announces that Dr. W. Thomas Smith has been selected as the new dean of Pharmacy Programs in the College of Pharmacy, Natural

administration. He worked with faculty, students and other stakeholders in implementing the assessment plan for the doctoral program, as well as teaching pharmacy law courses since joining Manchester in May 2015.

Smith is currently serving a three-year appointment on the Food and Drug Administration's Nonprescription Drugs Advisory Committee.

The Fort Wayne resident earned his Doctor of Pharmacy (Pharm.D.) from St. Louis College of Pharmacy and his Juris Doctor Degree and certificate in health law from St. Louis University School of Law. He is a member of the American Bar Association, the American Society for Pharmacy Law and the American Association of Colleges of Pharmacy.

Smith has served as an author, speaker and leader in such areas as pharmacy law, cultural competency, health disparities, bioethics and disability law.

His appointment was effective May 1, 2017.

Former dean Raylene Rospond has accepted the position of Vice President for Academic Affairs for the University.

SPARTAN SPOTLIGHT

Katee Kindler

Katee Kindler has worked at Manchester since August 2015 and is co-funded faculty at St. Vincent Indianapolis. Her practice is focused in ambulatory care and her areas of interest are diabetes and geriatrics. Katee completed her PGY1 pharmacy practice residency at Saint Joseph East and PGY2 specialty residency in ambulatory care at St. Vincent. She earned her Doctor of Pharmacy degree in 2013 from Butler University in

Indianapolis and is still a fan of Butler Basketball. When not at work, Katee enjoys spending time with her husband and daughter. This year her family planted a garden and they are looking forward getting vegetables from it.
