

Manchester University Science Seminars Fall 2011
 Mondays 4-4:50 p.m. in Flory Auditorium

Date	Speaker / Topic
Sept. 5	Introduction to the Division Faculty "This Motley Crew of Faculty"
Sept. 12	Gary Heckman and Jonathon Stauffer "Reducing our Energy Consumption"
Sept. 19	Thelma Rohrer, Kaitlin Johnson, Melissa Bowman and Natalie Collar "Can Science Majors Study Abroad" Delanie Losey "REU Experience at University of North Dakota"
Sept. 26	Sarah Lauinger "Examination of Catalytic Film Surface Energies via Contact Angle Measurement" Delanie Losey "REU Experience at University of North Dakota"
Oct. 3	Kayla Zehr "Identification of Proteins Interacting with Cohesin Protein SYN3 Using Yeast 2-Hybrid Screening"
Oct. 10	Frederick Balagadde "Genetic Circuits, Oscillators and the Microchemostat"
Oct 17	Fall Break
Oct. 24	Tracy Brooks "Enlightenment on the Pharmacy Profession"
Oct. 31	Melissa Bowman "Summer Research in Cancer Biology: the AML1-ETO Leukemia Oncogene" Laura Hildreth "Summer Research Opportunities at the University of Cincinnati's SURF Program"
Nov. 7	Molly Captain and Laura Gladfelte "Summer Internship Opportunities at Biomet Orthopedics"
Nov. 14	Career Services sponsored panel of local scientists "Careers in Science"
Nov. 21	ACS National Chemistry Week: Chemistry – Our Health, Our Future
Nov. 28	Leonard Williams "The Politics of Science Funding"
Dec. 5	Mark Bryant "Science in Popular Culture: Science Videos"
No videos were available for this semester.
