

Manchester University Athletic Training

Travel Policy

The ATEP at Manchester University follows all standards set by the CAATE and DO NOT allow any travel of athletic training students without an approved clinical instructor for visual and auditory supervision. When supervision by a Preceptor is present students will be given the ability to volunteer to travel but will under no circumstances be required to travel to any event while at Manchester University. It is also a policy that no student grades will be diminished if a student does not travel to events while at Manchester University. All hours accrued for a student's clinical experience will be documented during any clinical experience. A student may not count travel hours to and from events they travel to with a preceptor. A student may count travel time from Manchester University to their clinical site as part of their hour's log.
