

# TRINE UNIVERSITY & MANCHESTER UNIVERSITY

## YOUR PATHWAY TO A DOCTOR OF PHARMACY, MASTER OF ATHLETIC TRAINING, OR MASTER OF SCIENCE IN NUTRITION AND NUTRIGENOMICS

Trine University has partnered with Manchester University to reserve seats in each annual cohort of students entering its Doctor of Pharmacy, Master of Athletic Training and Master of Science in Nutrition and Nutrigenomics programs.

Qualified students must complete the application process for admission to Manchester University according to the established deadlines. Students must meet a minimum GPA of 3.0 upon admission as well.

Learn more about Manchester's graduate and professional health science programs at [www.manchester.edu/graduate-professional-programs](http://www.manchester.edu/graduate-professional-programs). Reach out to [gradadmissions@manchester.edu](mailto:gradadmissions@manchester.edu) for more information.

### WHY PHARMACY?

Career options for students who complete this program include management at pharmacies, clinical specialists, research and inpatient and outpatient care within health systems. Average annual salary = \$128,000

### WHY ATHLETIC TRAINING?

Athletic trainers specialize in preventing, diagnosing, and treating muscle and bone injuries and illnesses. Employment of athletic trainers is projected to grow 16 percent from 2019 to 2029, much faster than the average for all occupations.

### WHY NUTRITION AND NUTRIGENOMICS?

Nutrigenomics studies the relationship between an individual's genes and how they affect their response to food and nutrients. Manchester's cutting-edge program prepares you to be a Registered Dietitian Nutritionist (RDN) specializing in personalized nutrition. Coursework is 100 percent online and supervised experiences can be in your region!
