VIRTUAL PHARMACY

WEEK

JULY 20-23, 2021

Manchester
University

**COLLEGE *of* PHARMACY,
NATURAL & HEALTH SCIENCES**

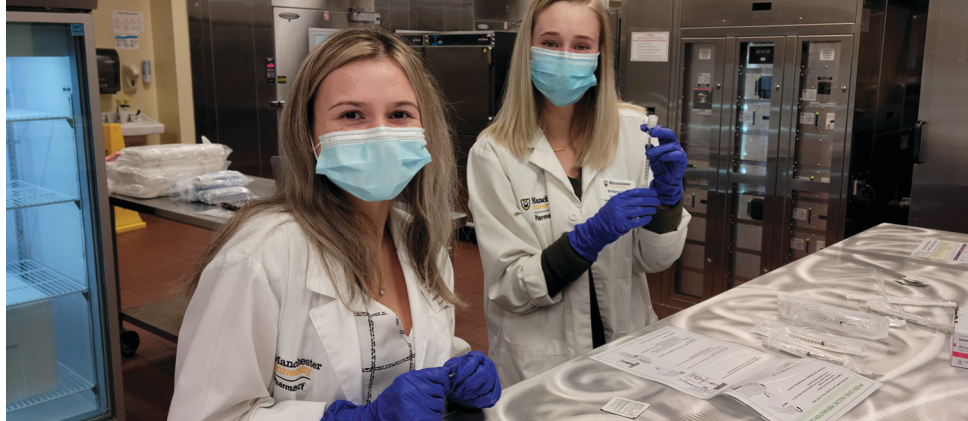

IS A PHARMACY CAREER IN YOUR FUTURE?

Now's the time to think ahead, learn more and prepare for your college path to success. If you will be a high school junior or senior interested in a career in pharmacy, or current college student, you really should attend Virtual Pharmacy Week, July 20-23, 2021. This program offers educational opportunities through creative videos showing hands-on pharmacy skills, a mini lecture series, and even behind-the-scenes access to various pharmacy settings.

Pharmacy professionals from Manchester University will help you to learn about how the pharmacy profession fits into the broader field of health care and offer advice about preparing for a pre-pharmacy program in college.

Rising high school junior and senior participants will be awarded a \$500 visit scholarship, while college student participants who plan to apply to the Doctor of Pharmacy program for Fall 2021 or 2022 will be awarded a coupon code that discounts their application fee.

For more information and to register for Virtual Pharmacy Week, visit www.manchester.edu/virtualpharmacyweek.
