

OHIO NORTHERN UNIVERSITY & MANCHESTER UNIVERSITY

YOUR PATHWAY TO A MASTER OF ATHLETIC TRAINING DEGREE

Ohio Northern University has partnered with Manchester University to reserve seats in each annual cohort of students entering its Master of Athletic Training Program.

Qualified students must complete the application process for admission to the Manchester MAT Program according to the established deadlines. Students must meet a minimum GPA of 3.0 upon admission as well.

Learn more about Manchester's Athletic Training Program at www.manchester.edu/graduate-professional-programs.

CAREER OUTLOOK

Athletic trainers specialize in preventing, diagnosing, and treating muscle and bone injuries and illnesses. Many athletic trainers work in educational settings, such as colleges, universities, elementary schools, and secondary schools. Others work in hospitals, fitness centers, or physicians' offices, or for professional sports teams. Employment of athletic trainers is projected to grow 16 percent from 2019 to 2029, much faster than the average for all occupations.

WHY MANCHESTER?

Manchester's Master of Athletic Training (MAT) Program stands out as one of the Midwest's top athletic training graduate programs. Class sizes are small, affording plenty of personal attention from highly skilled faculty, and practical, hands-on experience that prepares graduates for BOC certification and to immediately make an impact in their careers.
