PATIENTS LIVING WITH DIABETES**

GEORGE HUNTLEY

Join us as renown patient advocate, former National Chair of the Board of the American Diabetes Association, and patient living with type 1 diabetes George Huntley reviews many of the challenges patients face in obtaining appropriate diabetes treatment. We will discuss pricing concerns, selecting appropriate therapy, and the role pharmacists can play. This 1 hour live ACPE-accredited CE session will leave you better equipped to improve patient care and reduce patient costs.
