

PHRM 670
Elective APPE
4 Credit Hours

Manchester
University

COLLEGE of PHARMACY,
NATURAL & HEALTH SCIENCES

2020-2021

Course Description and Rationale

Elective advanced pharmacy practice experiences (APPE) in other settings (such as research, management, drug information, academia, managed care, long-term care, hospice, and home health care) should complement the required experiences and provide adequate and innovative opportunities for students to mature professionally and in accordance with their individual interests. The college or school may offer elective advanced pharmacy practice experiences outside the United States and its territories and possessions, provided that they support the development of the competencies required of the graduate, and that the college or school implements policies and procedures to ensure the quality of the site(s) and preceptor(s).

The overarching goal of the elective APPE is for students to broaden their practice experience in pharmacy and pharmacy-related settings while positively contributing to the activities at the site.

Please note: this course may be repeated for a maximum of 16 credits

Rotation Policies

Please refer to the Pharmacy Practice Experience Rotation Manual for a complete discussion of policies

Academic Integrity

It is the goal of the Manchester University Pharmacy Program to uphold the highest levels of academic honesty and integrity. The Pharmacy Program has a firm policy concerning academic dishonesty that includes, but is not limited to, cheating, plagiarism, or any other action that misrepresents academic work as being one's own. Students are expected to demonstrate academic honesty in all coursework, whether completed in-class or not, individually, or as part of a group project. All students are expected to be familiar with the Program' policies on Academic Integrity and the Student Honor Code, which are found in the current Student Handbook and the Pharmacy Bulletin.

Plagiarism is the presentation of information (either written or oral) as one's own when some or all of the information was derived from some other source. Specific types of plagiarism encountered in written and oral assignments include the following:

- Sources have been properly identified, but excerpts have been quoted without proper use of quotation marks; or the material has been slightly modified or rephrased rather than restated in the student's own words.

- Key ideas or items of information derived from specific sources that present material that is not common knowledge have been presented without proper identification of the source or sources.
- Unidentified excerpts from other sources have been woven into the student's own presentation.
- A paper or speech may be a mosaic of excerpts from several sources and presented as the student's own.
- An entire paper or speech has been obtained from some other source and presented as the student's own.
- Texts in another language are translated into English and presented as the student's own.

Cheating consists of any unpermitted use of notes, texts or other sources so as to give an unfair advantage to a student in completing a class assignment or an examination. Intentionally aiding another student engaged in academic dishonesty is also considered cheating.

Violations of academic integrity may result in academic sanctions, including failure of an assignment, course failure, or disqualification from the College.

Student Disability and Reasonable Accommodation Policy

Manchester University, in compliance with federal guidelines, is committed to assuring students with disabilities equal access to programs and activities however, it is the student's responsibility to self-disclose the disability. Students who feel they may need an accommodation based on the impact of a disability should contact Mia Miller, the Disability Support Coordinator, to establish eligibility and to coordinate reasonable accommodations. Students whose accommodation requests are approved will be provided with confidential letters to deliver to their professors. Each letter verifies the disability and documents the need for auxiliary aids and services and/or academic adjustments/accommodations. Students are encouraged to meet with each professor early in the semester to discuss academic implications as they relate to each specific course and to request appropriate accommodation. The Disability Support Services office is in the Success Center (second floor of the Jo Young Switzer Center) and can be reached by phone at 260-982-5888 or 260-982-5499 to schedule an appointment.

Medical Emergency/Evacuation Assistance Statement

Students should speak to the instructor immediately if (1) they may require medical attention during class, or (2) they have a disability, chronic condition, or a temporary injury that may limit or affect their ability to evacuate the classroom/building in an emergency. The student and the instructor should discuss the student's specific needs and the types of precautions that should be made in advance of such an event. In the event of a fire or other situation requiring emergency evacuation, students with ambulatory disabilities are to go with or without assistance to the nearest stairwell area. Faculty and staff will assist with evacuation management efforts until such time as the Campus Safety and/or Police

and Fire Departments arrive on the scene to assist in student evacuation from the building. Elevators are not to be used for evacuation by any persons.

Students who need special arrangements in the event of an evacuation should also register with Mia Miller in the Success Center as early as possible in the semester to help facilitate the provision of needed emergency assistance.

Title IX Student Conduct Reporting Requirement

Manchester University is committed to fostering a safe community where the infinite worth of all individuals is respected. Title IX and institutional policy prohibit discrimination on the basis of sex and gender identity. Consequently, sexual misconduct— including harassment, domestic and dating violence, sexual assault, and stalking — is also prohibited at Manchester. Faculty, staff and administrators encourage anyone experiencing sexual misconduct, dating/domestic violence, or stalking to talk to someone about what happened, so they can get the support they need and Manchester University can respond appropriately.

To speak confidentially with a Manchester employee/on-campus representative about an incident of sexual misconduct, please contact:
