APPE Availability

Believe it or not, our 3rd year students are already gearing up for rotations during the 2020-2021 year. Availability for next year's APPE class is now open for your submissions. Simply login to [CORE](#), click on the Scheduling tab on the left hand side, and then click submit availability.

Select 2020-21 APPE from the drop down box and enter your preferences. If you'd rather not bother with [CORE](#) at all, no problem! Just email your availability to COPEE@manchester.edu and we will enter your preferences for you. We are very happy to work with Purdue and Butler to coordinate your schedule as well, just type "Coordinate with Purdue and/or Butler" in the email or at the bottom of your availability submission on [CORE](#).

Preceptor AACP Evaluation Results

The results of the 2019 AACP preceptor survey results are in...thank you preceptors! Not only did Manchester preceptors nearly double the national average response rate, but we also received higher than average marks on every question pertaining to communication and resources/support. We are very proud of our partnership with you, thank you for your engagement and dedication to our students!

IPPE II Changes

2020-2021

Important Note: The 2019-2020 academic year will be the last year that IPPE II rotations will be only two weeks long. Moving forward, students will complete a 4 week IPPE II rotation. The schedule will change as follows:

2019-2020 IPPE II Scheduling Options	2020-2021 IPPE II Scheduling Options
December 2 nd – 13 th , 2019: 2 weeks, 80 hours; or	January 4 th – 29 th , 2021: 4 weeks, 160 hours; or
January 6 th – 17 th , 2020: 2 weeks, 80 hours	June 7 th – July 2 nd , 2021: 4 weeks, 160 hours

Mark your calendars accordingly! We look forward to giving our IPPE II students more opportunity to acclimate to the institutional setting and our preceptors more time to provide excellent opportunities for learning.

Reviewing Student Evaluations of Preceptor/Site

Did you know that feedback is available to you from our students too? When on [CORE](#), Click on the Evaluations tab on the left hand side, then click on Evaluation of Preceptor/Site. You can review all of the evaluations that students have submitted in regards to your rotation. Please feel free to use this valuable information to assess the experience, and see our students' gratefulness firsthand.

Preceptor Spotlight

Dr. Marwitz joined the pharmacy program faculty in July 2019 after completing a two-year regulatory pharmaceutical fellowship in medication safety with Purdue University College of Pharmacy, Eli Lilly Global Patient Safety, and the U.S. Food and Drug Administration. Dr. Marwitz's research interests are in medication and patient safety and their intersection with health and drug policy decisions. She applies her training in pharmacoepidemiology to answer questions about drug safety and surveillance using retrospective datasets. Additionally, she has clinical interests in electronic medical record and smart infusion pumps as vectors for safe medication administration. Dr. Marwitz currently teaches in Pharmacy and Public Health and Practice and Personnel Management for P2 and P3 students, respectively.
