1. Car rental costs are calculated at an estimated \$55/day
2. Housing costs are calculated using Manchester’s discounted hotel rate of \$79 per night for each stay except for APPE rotations which are using an estimated Airbnb rate of \$1000/month
3. Flight costs are estimated using the U.S. DOT Passenger Airline Origin and Destination Survey reporting on <https://www.airlines.org/dataset/annual-round-trip-fares-and-fees-domestic/>, which calculated an average of \$296.24 per round trip flight for Indiana, including bag and change fee.
4. Total costs are an estimation and will vary based on student location, choice of travel and housing, year, etc. Final total does not include meal or other incidental costs.
