SECURITY REPORT

SECURITY

Manchester University safety and security is a shared responsibility. Clearly, the best protection against campus crime is an aware, informed and alert campus community; students, faculty and staff who use caution; and a strong, visible safety presence.

The vast majority of our students, faculty, staff and visitors never experience crime at Manchester University. However, despite our best efforts, crimes do occur. The men and women of the Manchester University Campus Safety Office in conjunction with Parkview Police and Public Safety are committed to maintaining a safe and secure campus, by providing a contemporary and professional public safety service with a strong emphasis on customer service. The hallmark of our service is a commitment to the principles of honor, integrity, discipline, trust and dedication. Concerns, questions or comments about our department, federal or state law, or Manchester University's compliance with these laws, can be addressed by contacting the Director of University Safety at 260-982-5256.

The information contained in this Annual Security and Fire Safety Report is available to new and prospective students and employees, as well as their families, all current members of the campus community and to the general public. We are committed to campus safety and security in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act (The Clery Act).

MANCHESTER UNIVERSITY MISSION STATEMENT

Manchester University respects the infinite worth of every individual and graduates persons of ability and conviction who draw upon their education and faith to lead principled, productive, and compassionate lives that improve the human condition.

VALUES STATEMENT

As a community of higher education rooted in the liberal arts and the traditions of the Church of the Brethren, Manchester University values:

Learning, because high academic expectations in an environment combining liberal arts and professional preparation equip graduates to live healthy, productive, and principled lives;

Faith, because our diverse faiths call us to make the world a kinder and better place, establish justice, build peace amid strife, and model lives agape (selfless love), tikkun olam (repairing a broken world), and salam (peace);

Service, because committing self in service to others connects faith with action and abilities with convictions;

Integrity, because honesty and trust are the foundations of teaching and learning, enriching, enduring relationships, and strong communities;

Diversity, because understanding differences develops respect for ethnic cultural, and religious pluralism; an international consciousness; and an appreciation for the infinite worth of every person; and

Community, because a positive community sharpens self-identity, promotes acceptance of the demands of responsible citizenship, and transforms conflict into mutual respect.

UNIVERSITY SAFETY AND SECURITY

The safety and security of the Manchester University community and guests are a primary concern of the University. For this reason, the University has contracted with Parkview Police and Public Safety to provide security patrols, and to respond to all emergencies on the Fort Wayne campus. Though the officers are not on the premises of the College of Pharmacy 24/7, Parkview Security officers may be contacted at any time of the day, by calling their dispatcher at 260- 266-1800.

AUTHORITY OF CAMPUS OFFICERS AND RELATIONSHIP WITH LAW ENFORCEMENT

Although the non-sworn Parkview officers do not make arrests, (sworn Parkview Police officer do have arrest powers), they do maintain a very close working relationship with the Fort Wayne Police Department and other state and local law enforcement agencies. The University does have a written memoranda of understanding with local law enforcement agencies for the investigation of alleged criminal offenses, local law enforcement agencies are quick to respond to call for assistance from crime victims and University staff alike.

COLLECTION AND ANALYSIS OF CRIME INFORMATION

Campus incident reports are reviewed by the Director of University Safety, who in turn, makes the final determination regarding Clery crime classification. A record of the classification process is maintained in the Campus Safety Office. The University formally solicits crime report information from appropriate external agencies for the Ft. Wayne Campus to include: Parkview Health Police Dept., Ft. Wayne City Police Dept., Allen County Sheriff's Dept., Indiana State Police as well as the Indiana State Excise Police. The Director of University Safety contacts local law enforcement throughout the year to obtain timely updates that may assist in campus investigations and prevention programming.

SECURITY REPORT

CAMPUS SECURITY AUTHORITIES (CSAs)

CSAs as defined by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are required to immediately report any information related to potential criminal activity to University Safety. Campus Security Authorities include, but are not limited to, Manchester University employees with significant responsibility for students or campus activities. The University Safety Office surveys University Security Authorities at least once a year, to collect unreported data via training. The Director of University Safety has created an online form for all CSAs to use via the Manchester University website via ChetNet>Forms>Clery Incident Report links and provides training during all new employee orientations. All CSAs are required to complete annual training as well.

CRIME REPORTING

Students, faculty, staff and guests of the Manchester University College of Pharmacy are encouraged to report emergencies and criminal activities to the Parkview Police and Public Safety dispatcher. To report an emergency or criminal activity, dial 260-266-1800, and a Parkview officer will take a report and follow up on your information. Crimes and emergencies may also be reported to the Dean of Pharmacy Programs 260-470-4418, or to the Associate Dean for Student Affairs and Assessment of Pharmacy Programs 260-470-2745.

Parkview officers work closely with professional counselors, to assist victims in reporting crimes, and to ensure the accurate disclosure of all crime statistics. At Manchester University College of Pharmacy, we prefer all criminal activity to be immediately reported to Parkview Police and Public Safety, 260-266-1800, or to the above listed persons, and not through any indirect means. For this reason, we do not have a confidential reporting process; however, professional counselors work closely with clients who have self-disclosed being victimized, encouraging them to promptly report all crimes. Victims desiring criminal prosecution are encouraged and assisted by University officials, including the Dean of Pharmacy Programs 260-470-4418, or to the Associate Dean for Student Affairs and Assessment of Pharmacy Programs 260-470-2745. From the filing of the initial report, through the follow-up investigation, University officials work closely with local police agencies and the Prosecutor's Office.

OFF CAMPUS CRIME

If any off campus police departments are contacted about criminal activity off-campus involving Manchester University students, the police may notify university authorities. Students in these cases may be subject to arrest by the local police and University disciplinary proceedings through the Pharmacy Program Honor Code .

Pharmacy Program Honor Code

Students are expected to abide by the general principles of academic integrity and a defined code of conduct representing the Pharmacy Program. The Honor Code provides the framework to communicate the integrity and professionalism of all members of the Pharmacy Program (students, faculty, staff and administration) community pertaining to academic training, as well as behaviors inside or outside of the classroom, that are deemed essential characteristics of a professional. The Honor Code will consist of two primary articles: academic integrity and unprofessional behavior.

Academic integrity will feature six violation categories: cheating, plagiarism, facilitating academic dishonesty, abuse of academic materials, stealing and lying. Unprofessional behavior will feature three categories of conduct: within the College, in experiential rotation settings and within the Profession.

Students will affirm the Honor Code during new student (P1) orientation and the White Coat Ceremony. Students will attest to this affirmation by signing the Honor Code. Students will reaffirm the Honor Code throughout their academic program, specifically prior to each course examination. The Honor Council will address violations of the Honor Code and other complaints against Doctor of Pharmacy students.

The entire Honor Code process may be found in the Pharmacy Program Student Handbook.

ACCESS TO CAMPUS FACILITIES

Manchester University College of Pharmacy is an open campus and is accessible to the general public. During the academic year, the building is unlocked between the hours of 8 a.m. to 5 p.m., Monday through Friday.

PHYSICAL PLANT CONSIDERATIONS

Members of the University community may report safety and security problems by contacting the office of the Dean of Pharmacy Programs 260-470-4418, or to the Associate Dean for Student Affairs and Assessment of Pharmacy Programs 260-470-2745.

The Physical Plant office, in consultation with Parkview Police and Public Safety, maintains buildings and grounds with a concern for safety and security. Staff members inspect campus facilities, making repairs and responding to reports of potential safety and security hazards.

CRIME ALERTS

As required by the Clery Act, the Director of University Safety in consultation with the offices of the Dean of Pharmacy Programs or the Associate Dean for Student Affairs and Assessment of Pharmacy Programs or the Facilities Coordinator & Human Resource Liaison, posts crime alerts following the reporting of all serious crimes, when there exists a continued threat to students, employees or others. These alerts may be posted in prominent locations campus-wide and/or distributed to students, staff and faculty via email/text announcements. This is done in a manner that is both timely and informative, to aid in the prevention of similar crimes. Information may be temporarily withheld if the release of such information would jeopardize an ongoing investigation or a person's safety, cause a suspect to flee or evade detection, or result in the destruction of evidence.

PUBLIC CRIME LOG

In accordance with the provisions of the Clery Act, the University Safety Office, in consultation with Parkview Police and Public Safety will maintain a public crime log containing the following information for each crime reported: crime classification, date and time of offense, location of offense, and the disposition of the complaint. As per the federal requirement, this information will be made available within two (2) business days from the date of occurrence/report. The crime log contains information related to crimes reported during the most recent 60-day period. Any portion of the log older than 60 days will be made available within two (2) business days of a request for public inspection. To review the log, you may stop by the office of the Facilities Coordinator & Human Resources Liaison between the hours of 8 a.m. and 5 p.m., Monday through Friday. These statistics reflect all reported allegations of criminal activity, regardless of the outcome of any conduct/criminal proceeding.

TIMELY WARNINGS AND EMERGENCY NOTIFICATIONS

NOTIFYING THE CAMPUS COMMUNITY OF CRIMES AND EMERGENCIES - InformaCast

InformaCast is Manchester University's communication system for sharing important information about situations that affect the safety of our university community.

Spartan Alert (MU Alert) messages may be sent to campus e-mail addresses, external e-mail addresses, and text-enabled devices. If you have any concerns about the validity of a MU alert message, call University Safety, 260-982-5555 or Parkview Police and Public Safety at 260-266-1800.

This contact information, students'/faculty/staff mobile phone numbers and contact information for their emergency contacts, will be collected by going to ChetNet via the University Website>Spartan Alert Sign up for messages. University safety will send emails to students/faculty/staff explaining how to sign up throughout the academic year and will direct faculty/staff at new employee orientation.

In accordance with the Higher Education Opportunity Act, on an annual basis, the University Emergency Management and Safety Committee will coordinate, plan, and conduct at least one test of the emergency response and evacuation procedures, including a test of the mass emergency notification system. The test may involve all portions of the campus or a segment thereof. The intent of the drill is to assess and evaluate the effectiveness of the University's emergency plans and capabilities.

Some drills will be announced and well-publicized to the campus community prior to the event, while others may be unannounced.

SECURITY REPORT

1. Emergency Notification (using InformaCast alert system)

Who:

The President or their designee, the Dean of Pharmacy and Health Sciences or University Safety is responsible for determining the deployment of the Spartan alert system for use in disseminating emergency notification/information.

2. Timely Warning

Scope:

A timely warning is triggered when certain crimes have occurred and represent an ongoing threat. The timely warning is issued in an effort to aid in the prevention of similar crimes. As the timely warning is meant to increase awareness of criminal activity, the names of victims will not be disclosed in a timely warning message, but a known perpetrator's name may be used.

The Clery Act specifies that "an institution that issues an emergency notification is NOT required to issue a timely warning based on the same circumstance; however, the institution must provide adequate follow-up information to the campus community as needed."

Examples:

Clery Act defined crime such as rape, sexual assault, burglary, homicide, and other violent crimes that impact people or assets (buildings, cars, personal possessions) where the perpetrator no longer remains at large and for which an immediate dangerous condition no longer exists for students or employees. (For example, the University notifies the community about a rash of motor vehicle thefts which occurred in the parking lot on the previous day.)

When:

A timely warning will be issued as soon as the pertinent information is available.

How:

Text messages and email, using InformaCast with information template as required by the Clery Act.

Who:

The President or their designee, the Dean of Pharmacy and Health Sciences or the Director of University Safety (in consultation with local law enforcement), are responsible for determining if a timely warning is to be issued.

Tracking the Communication Process

The incident will be tracked, from initial reporting to full conclusion, inclusive of time-stamped phone calls and electronic communications in order to assess the timeliness of decision-making and communication for post-event evaluation.

Closing the Communication Loop

In both the Emergency Alert and Timely Warning scenarios outlined above, the University will issue a “wrap-up” communication which will serve to close the communication loop for each incident. The campus community deserves the reassurance that law enforcement and/or campus security have investigated and brought the incident to a satisfactory conclusion.

CRISIS COMMUNICATION PLAN

When conditions are present that meet the definition of an emergency, the Chief of Parkview Police and Public Safety, The Dean of Pharmacy Programs or their designee, Director of University Safety and the Director of Physical Plant shall place into immediate effect appropriate procedures necessary and possible to meet the emergency, safeguard persons and property, and maintain educational facilities. According to School of Pharmacy Handbook the following applies:

Unprofessional behavior related to substance abuse within the program includes but is not limited to: 1. Unlawful and unauthorized manufacture, distribution, dispensation, possession or use of narcotics, controlled substances, illicit drugs or alcohol; 2. Abuse of any controlled substance, illicit drug, or alcohol; 3. Operation of a motor vehicle under the influence of alcohol and/or other drug(s); 4. Therefore, no student, faculty, or staff member may use tobacco products on the Fort Wayne campus premises, including parking lots. The use of alcohol is prohibited on the College's campus without express written permission of the dean.

SECURITY REPORT

Possible Consequences for Violation of the Substance Abuse Policy

The College reserves the right to dismiss or suspend any student at any time when, in the judgment of College authorities, such action is advisable. Upon registration with the Manchester University College of Pharmacy, Natural and Health Sciences, the student expressly concedes this right to the College. It is understood that attendance at Manchester University College of Pharmacy, Natural and Health Sciences is a privilege, not a right, and that this privilege may be withdrawn in the case of any student who does not adhere to the objectives or policies of the College and University.

Substance Abuse Policy from the Manchester University Employee Handbook

The University has a duty to provide a safe working environment for its employees. Each employee has a corresponding duty to his/her co-workers and to Manchester University students to deliver services in a safe and conscientious manner. To help ensure that these responsibilities are fulfilled, employees must work free from the effects of performance-impairing substances (including illicit drugs, hallucinogens, herein called "Controlled Substances" and their metabolites, and alcohol).

Any employee of Manchester University who uses Controlled Substances or improperly consumes alcohol while working or while conducting business on behalf of the University, or who attempts to work while under the influence of same, potentially endangers themselves as well as co-workers. For purposes of this policy, "under the influence" means the employee tested positive for Controlled Substances and/or has a blood-alcohol level at/or above 0.05. Possession, manufacture, distribution, dispensation or sale, use, consumption or being under the influence of Controlled Substances while on the University campus (including parking lots) or while on University business is strictly prohibited. Working while under the influence of alcohol is likewise prohibited.

All employees are required to notify the director of human resources of any drug- or alcohol-related conviction(s) no later than five days after such a conviction.

Prescription drugs also may affect performance and behavior. Accordingly, they must be used only in the manner, combinations and quantities in which they are prescribed, and only by the individual for whom they are prescribed. Any employee using prescription drugs that may affect his/her job performance or behavior must discuss his/her job requirements with the prescribing physician, and, if advised by the physician, discuss the matter with his/her supervisor.

Violation of this policy will result in corrective action, up to and including discharge, and may result in legal prosecution.

Testing for Controlled Substances and/or Alcohol

Reasonable Suspicion

The University reserves the right to require an employee to undergo an immediate alcohol and/or drug test when/where reasonable suspicion exists that the employee is under the influence of alcohol or Controlled Substances when reporting to work or when acting within the scope and course of employment. Reasonable Suspicion includes, but is not limited to, the following:

Observation by a supervisor, manager or other leader of an on-duty employee behaving in a manner that suggests the employee might be under the influence of alcohol or Controlled Substances;

- Violations of safety rules or procedures that could potentially jeopardize the wellbeing of employees, students, or the public, or result in an accident;
- Information from other observers regarding use or possession; or
- Any work-related accident that requires first aid from a professional provider or results in property damage.

Random Testing

The University also reserves the right to require random testing for a reasonable length of time as part of a last-chance agreement.

Any employee who refuses a University request to submit, or fails to submit, to such testing will be subject to corrective action up to and including discharge. Testing will be conducted and test results will be maintained with concern for the personal privacy of the employee.

Searches

When there is Reasonable Suspicion that an employee is in violation of the Substance Abuse Policy, the University, at its discretion, may request the employee to empty his or her pockets, and may conduct a search of the employee's onsite property. Such property includes, but is not limited to, University-owned vehicles, desks, containers, files or lockers.

Also subject to search are any vehicles, packages, purses, briefcases, lunch boxes or other containers brought onto the campus (including parking lots) by employees. Discovery of controlled substances in violation of this policy, or a refusal to allow a search, will subject the employee to corrective action up to and including discharge.

Employee Assistance for Substance Abuse

Voluntary Referral

The University recognizes alcohol and drug dependency as major health and behavior problems and is prepared to offer assistance if requested. Any employee who suspects he or she has developed an addiction to, dependence upon, or a problem with alcohol or drugs (legal or illegal) is encouraged to seek assistance through his or her immediate supervisor, the Office of Human Resources or the Employee Assistance Plan. In-patient and out-patient programs are available, with insurance benefits in many instances. Requests for assistance will be treated confidentially.

Mandatory Referrals

Any member of the leadership team who recognizes or suspects that an employee may need professional help for substance abuse may confidentially refer the employee to the Office of Human Resources or the Employee Assistance Plan.

Terms of Assistance

Mandatory referrals to substance abuse treatment will not jeopardize an employee's position as long as the University's expectations are met. Any employee who is abusing drugs or alcohol may request out-patient treatment or, upon request, be granted a personal leave of absence to undertake inpatient rehabilitation treatment. The employee will be permitted to return to work from in-patient treatment only after completion of the rehabilitation program is certified.

The University reserves the right to require random drug and/or alcohol testing for an appropriate length of time following return to work. It is the employee's responsibility to comply and cooperate with the prescribed treatment. Refusal to accept diagnosis or treatment, or leaving a rehabilitation program before being released will be handled as any other situation that adversely affects job performance. Employees returning to work from mandatory referral will return only under the terms of a Last Chance Agreement satisfactory to the University.

BIAS-RELATED INCIDENT POLICY

A bias-related incident is any deliberate act or attempt to injure, harm or harass an individual or group because of the person or group's gender, race, color, religion, age, disability, veteran status, national or ethnic origin, ancestry, sexual orientation, gender identity and expression, or any other legally protected status or because the alleged perpetrator perceives that the other person or group has one or more of these characteristics. Such behavior includes acts or attempts that may pose physical or psychological harm or threat to individuals or groups.

The United States Congress has defined a hate crime as a "criminal offense against a person or property motivated in whole or in part by an offender's bias against a race, religion, disability, ethnic origin or sexual orientation." Hate itself is not a crime—and the federal government is mindful of protecting freedom of speech and other civil liberties. Bias related incidents and hate crimes both involve behavior that is motivated by bias. However, it is important to note the distinction between the two. Hate crimes include a definable crime, such as: threats of violence, property damage, personal injury and other illegal conduct. A hate crime is an infraction of the law and will be addressed accordingly. A bias-related incident can be a violation of this policy but may not rise to the level of a hate crime, but all hate crimes are bias related-incidents. All incidents should be reported in order to determine the level and type of offense, to support the affected person(s) or group, to mitigate subsequent incidents by raising awareness of the offense, to develop an educational response and to activate appropriate campus review and judicial processes when necessary to address individual or group behavior.

How to report a bias incident

If you have observed or experienced a bias incident, you are encouraged to contact a faculty or staff member with whom you are comfortable, report it at the Report It! Page, or call one of the following offices:

SECURITY REPORT

- University Safety (260) 982-5256
- Counseling Center (260) 982-5888
- Human Resources (260) 470-2702
- Multicultural Affairs (260) 982-5423
- Office of the Dean (260)-470-2668

Once a report has been received, the Bias Incident Response Team will communicate and review the facts promptly with the reporter and will offer services related to safety, counseling or other supports that may be appropriate.

The Bias Incident Response Team will promptly document the report of the incident (i.e. who, what, when, where). Additionally, those directly concerned with the incident should take steps to retain any physical evidence.

The reporter will be assured that his or her physical and emotional needs are important and appropriate actions will be taken (i.e. possible relocation, academic accommodations, counseling, etc.) by appropriate Manchester staff.

Bi-weekly reports of report incidents will be reviewed by the Bias Incident Response Team (Human Resources, Student Life, Conduct) meet regularly to review information available regarding report biased incidents and implement strategies to educate and/or engage the campus community as appropriate. The Bias Incident Response Team does not take the place of frontline staff that may be dealing with student concerns. The work of the Team is both preventative and responsive. In addition, counseling services are available to anyone that would like the support. Human Resources may be included when the reporter is a faculty or staff member. When appropriate, enhanced safety measures (patrols, surveillance etc.) will be promptly initiated and directed by University Safety in cooperation with Parkview Police and Public Safety.

HARASSMENT

Application

Manchester University seeks to provide an environment free of any behavior constituting harassment as defined below as well as by civil or criminal law applicable to Manchester University. Manchester University invites students, faculty and staff to join together in fostering an environment of mutual respect.

Definition

Manchester University defines Harassment as the systematic or continued unwelcome actions of one party or a group, including threats and demands, interpersonal conduct or comments—written, spoken or transmitted electronically—which would be offensive to a reasonable person, for reasons including but not limited to their race, color, national origin, ancestry, sex, sexual orientation, gender identity, or expression, religion, age, disability, veteran status, physical characteristics, familial status, or any other legally protected category. Similarly, any form of intentional behavior that a reasonable person would find threatening or intimidating because they are in a protected category constitutes harassment. (Sexual harassment is specifically addressed below.) Such acts can create a hostile or intimidating work or educational environment that not only damage the process of teaching and learning, but also violate the integrity of the university. Manchester University affirms that it values both freedom of speech and appreciation of diversity. MU understands the fundamental importance of the open and free exchange of ideas and opinions and does not wish to limit or abridge those exchanges. It recognizes that conflicts may arise between freedom of speech and the right of individuals to be free from harassment and statements or dissemination of opinion will be made with a proper regard for the protection of individual rights, religious and moral convictions and academic freedom and advocacy.

SEXUAL HARASSMENT

What is sexual Harassment?

Sexual harassment is a form of sex discrimination involving inappropriate introduction of sexual activities, stereotypes, or comments into the learning, living or working environment. Often, sexual harassment involves individuals in relationships of unequal power that contain elements of coercion, as when compliance with requests for sexual favors becomes a criterion for granting academic, social or work benefits.

Sexual Harassment is unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment also may involve individuals making inappropriate sexual advances or repeated verbal remarks or suggestions having a harmful effect on a person's ability to study, work or otherwise function in the campus setting.

Any of the following constitute sexual harassment:

1. Explicit or implicit promises of rewards for cooperation through misuse of institutional authority, for example, to affect a subordinate's admission or employment, academic or professional advancement, financial aid or salary, grades or performance ratings, graduation or tenure
2. Explicit or implicit threats of punishment for noncooperation through misuse of institutional authority, for example, to affect a subordinate's admission or employment, academic or professional advancement, financial aid or salary, grades or performance ratings, graduation or tenure
3. Intimidation through sexual harassment that creates a hostile or offensive environment, interferes with an individual's scholastic or work performance, prevents an individual's full enjoyment of educational, professional, social opportunities, or induces stress, anxiety, fear or sickness on the part of the harassed person
4. Activities such as comments repeatedly emphasizing the sexuality or sexual identity of individual, persistent requests for social-sexual encounters or favors, or unwanted physical contacts

What happens if I report sexual harassment?

University Safety Office will contact you to fill out a statement. All staff are trained to advise you about your options regarding immediate counseling and/or pursuing police and University Conduct System. Filing a statement does not necessitate pursuing police or University Conduct System involvement.

TITLE IX

What is Title IX?

"No person in the United States shall, on the basis of sex, gender identity or expression, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity receiving Federal financial assistance." – Title IX of the Educational Amendments of 1972 to the 1964 Civil Rights Act. Title IX is a portion of the Education Amendments of 1972. Although it is best known for requiring gender equity in collegiate athletics, Title IX broadly prohibits discrimination on the basis of sex in all university student services and academics. Title IX, along with the Campus SAVE Act, require universities to address campus related Sexual Violence, which is viewed under Title IX as an extreme form of hostile-environment sexual-harassment.

Manchester University Policy and Procedures for Sexual Misconduct Complaints

Introduction

Manchester University is an institution of higher learning that respects the infinite worth of every individual and graduates persons of ability and conviction who draw upon their education and faith to lead principled, productive, and compassionate lives that improve the human condition. As such, Manchester University does not discriminate based on sex and is committed to providing an educational environment free from sex discrimination.

As a recipient of federal funding, the University is required to comply with Title IX of the Higher Education Amendments of 1972, 10 U.S.C. § 1681 et seq. (Title IX). Title IX is a federal civil rights law that prohibits discrimination based on of sex — including pregnancy and Sexual Misconduct — in educational programs and activities. Title IX's sex discrimination prohibition extends to claims of discrimination based on gender identity or failure to conform to stereotypical notions of masculinity or femininity.¹

Sexual Misconduct is defined broadly under this Policy and Procedures for Sexual Misconduct Complaints (Policy). Sexual Misconduct includes Sexual Assault, Sexual Harassment, Non-consensual Sexual Contact, Non-Consensual Sexual Intercourse, Sexual Exploitation, and Sexual Misconduct with a Minor, Child Molesting, and sex discrimination, which are defined below. Sexual Misconduct is a violation of University policy, state and federal civil rights laws, and may violate state and federal criminal

SECURITY REPORT

laws. When an allegation of misconduct is brought to an appropriate administrator's attention, and a respondent is found to have violated this policy, the University will issue appropriate sanctions to prevent future misconduct.

The University reserves the right to take whatever measures it deems necessary in response to an allegation of Sexual Misconduct in order to protect the rights and personal safety of students, employees, and other members of the University community. Such measures include, but are not limited to, modification of living arrangements, interim suspension from campus pending a hearing, and reporting the matter to local police. Not all forms of Sexual Misconduct will be deemed equally serious offenses, and the University reserves the right to impose different sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense. The University will consider the concerns and rights of both the complainant and the person accused of the Sexual Misconduct.

Definitions

The following terms and definitions apply to this Policy.

"Child Molesting" means a person at least 18 years of age who, with a child under 14 years of age, performs or submits to sexual intercourse or sexual conduct, or performs or submits to any fondling or touching for the purpose of sexually gratifying either person.

"Consent" means clear, unambiguous words or actions that show a knowing and voluntary agreement between the participants to engage in a specific mutually agreed-upon sexual activity. Effective consent cannot be gained by Force, by ignoring or acting in spite of the objections of another, or by taking advantage of the Incapacitation of another, where the accused individual knows or reasonably should have known of such Incapacitation. Consent cannot be based on silence or the absence of saying, "no" or "stop," the existence of a prior or current relationship, or prior sexual activity. Consent to some sexual acts does not imply consent to others, nor does past consent to a given act imply ongoing or future consent. Consent is also, absent when the activity in question exceeds the scope of consent previously given. Further, Consent must be clear and unambiguous for each participant throughout any sexual encounter. Consent can be revoked at any time. For all these reasons, sexual partners must evaluate consent in an ongoing fashion and should communicate clearly with each other throughout any sexual encounter.

"Force" means physical force, violence, threats, intimidation (implied threats), or coercion that produce consent or overcome resistance. Sexual activity that is forced is by definition non-consensual, but non-consensual sexual activity is not by definition forced. Coercion is unreasonable pressure for sexual activity. An example, when someone makes clear that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point is coercive if the pressure is unreasonable. Resistance is a clear demonstration of non-consent, but the absence of resistance does not prove consent.

"Incapacitation" means a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g. understand the who, what, when, where, why, or how of the sexual interaction). States of incapacity include but are not limited to mental disability, sleep, blackouts, flashbacks, involuntary physical restraint, or the effects of drugs or alcohol. Where drugs or alcohol is involved, one does not have to be intoxicated or drunk to be considered incapacitated. Incapacitation is determined by how the alcohol or drugs consumed influence a person's decision-making capacity, awareness of consequences, and ability to make informed judgments. The question is whether the accused individual knew, or a sober, reasonable person in the position of the accused individual should have known, that the complainant was incapacitated. Because Incapacitation is hard to determine, individuals are strongly encouraged, when in doubt, to assume the other person is Incapacitated and unable to give Consent. Intoxication or the use of alcohol or other drugs is never a defense to a complaint filed under this Policy.

"Investigator" means an individual assigned by the Title IX Coordinator to investigate the alleged Sexual Misconduct to determine whether there is cause to grant a hearing.

"Non-Consensual Sexual Contact" means any intentional sexual touching, however slight, with any object by a person upon another person without consent and/or by force. Sexual contact includes contact with the breasts, buttock, groin, or genitals, or

¹ Further, Manchester University policy explicitly prohibits discrimination based on sexual orientation and gender identity or expression.

touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.

“Non-Consensual Sexual Intercourse” means any sexual intercourse however slight, with any object by a person upon another person without consent and/or by force. Sexual intercourse includes vaginal penetration by a penis, object, tongue or finger, or anal penetration by a penis, object, tongue or finger, and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

“Responsible Employee” means any University employee who a duty to report incidents of Sexual Misconduct to the Title IX Coordinator and who has authority to take action to redress Sexual Misconduct. Examples of Responsible Employee’s include deans, associate deans, vice presidents, coaches, Title IX coordinator and deputy coordinators, hall directors, resident assistants, human resources staff, University Safety officers, staff, faculty members, and administrators.

“Retaliation” means any adverse employment or educational action taken against a person because of the person’s participation in a complaint or investigation of discrimination or Sexual Misconduct.

“Sexual Exploitation” occurs when a person takes non-consensual or abusive sexual advantage of another for his/her per own advantage or benefit, or to benefit or give advantage to anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to: invasion of sexual privacy; prostituting another person; non-consensual recording; photographing or transmitting identifiable images of private sexual activity and/or the intimate parts (including genitalia, groin, breasts or buttocks) of another person; going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex, or transmitting photographs of the intimate parts of another, which were consensually taken, to a third person without consent); engaging in voyeurism; knowingly transmitting a sexual transmitted infection to another person; exposing one’s genitals in non-consensual circumstances, including forcing another to expose their genitals; and sexually-based stalking and/or bullying may also be forms of sexual exploitation.

“Sexual Harassment” means unwelcome, sex-based verbal or physical conduct that is, sufficiently severe or pervasive that it unreasonably interferes with an individual’s work or academic performance or unreasonably creates an intimidating, hostile, or offensive working or academic environment. To constitute Sexual Harassment, the conduct must be offensive from both a subjective viewpoint (the viewpoint of the alleged victim) and an objective viewpoint (the viewpoint of a reasonable person in the alleged victim’s position).² Quid pro quo sexual harassment is a type of Sexual Harassment where there are unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature between persons of unequal power and submission to or rejection of such conduct results in adverse educational or employment action. An example of quid pro quo sexual harassment is a professor insisting that a student have sex with him or her in exchange for a good grade.

“Sexual Misconduct with a Minor” means a person at least 18 years of age who, with a child at least 14 years of age but less than 16 years of age, performs or submits to sexual intercourse or sexual conduct, or performs or submits to any fondling or touching for sexually gratifying either person.

“Sexual Misconduct” is a broad term encompassing “Sexual Exploitation,” “Sexual Harassment,” “Non-Consensual Sexual Contact,” “Non-Consensual Sexual Intercourse,” “Child Molesting,” and “Sexual Misconduct with a Minor” as defined in this

² Sexual harassment goes beyond the mere expression of views or thoughts (spoken or written) that an individual may find offensive. The conduct must be sufficiently serious that it unreasonably limits an individual’s ability to participate in or benefit from the activities of the University. While some offensive behavior may not meet the definition of Sexual Harassment, such behavior may nonetheless be unprofessional in the workplace, disruptive in the classroom, or violate other University policies and could warrant remedial actions and/or discipline. The following is a non-exhaustive list of actions that may constitute Sexual Harassment, whether the harasser is a co-worker, supervisor, student, faculty, member, or vendor:

1. Persistent unwelcome flirtation, requests for dates, advances, or propositions of a sexual nature;
2. Unwanted touching such as patting, pinching, hugging, or repeated brushing against the individual’s body;
3. Repeated degrading or insulting comments that demean an individual’s sex; or
4. Unwarranted displays of sexually suggestive objects or pictures.

SECURITY REPORT

policy. Sexual Misconduct can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship. Sexual Misconduct can be committed by both men and women and can occur between people of the same or different sex.

“**Title IX Coordinator**” is the person designated by the University to be responsible for the oversight of the investigation and resolution of all reports of Sexual Misconduct. The Title IX Coordinator is available to assist any University employee or student regarding the appropriate response to Sexual Misconduct or advice complainants, respondents, and third parties about the policies and procedures of the University. At MU, deputy coordinators assist the Title IX Coordinator.

NON-VIOLENCE STATEMENT

The University strives to provide a safe campus for all employees, students and guests. To help ensure a safe campus and to reduce the risk of violence, all employees, students and guests should review and understand all provisions of MU's Non-Violence Policy

Prohibited Conduct

Manchester University does not tolerate any type of violence (including sexual violence) involving its employees, students or guests. Employees, students and guests are prohibited from making threats or engaging in violent activities.

The following behaviors, while not all inclusive, are examples of prohibited conduct:

- Causing physical injury to another person
- Any type of Sexual Assault or Sexual Violence (see definitions)
- Making threatening remarks or gestures
- Displaying aggressive or hostile behavior that creates a reasonable fear of injury to another person or subjects another individual to emotional distress
- Intentionally damaging University property or property of another employee, student or guest
- Possessing a weapon without authorization in campus facilities

Dangerous/Emergency Situations

Employees, students and/or guests who confront or encounter an armed or dangerous person should not attempt to challenge or disarm the individual. Try to remain calm, make eye contact, and talk calmly to the individual. If the Parkview Police and Public Safety 260-288-1800 or local police (911) can be safely notified of the need for assistance without endangering anyone's safety, do so. Otherwise, cooperate with the person.

Enforcement

Sexual violence, threats, threatening conduct, or any acts of aggression or violence on the campus will not be tolerated.

- Any employee who has committed such acts will be subject to corrective action, up to and including termination.
- Any student who has committed such acts will be subject to Honor Code outcomes up to and including expulsion.
- Non-employees engaged in violent acts on University property will be reported to the proper authorities and prosecuted. And, if appropriate, their access to campus may be restricted.

Definitions

Sexual Violence: Sexual violence is a broader term than sexual assault. The term encompasses sexual homicide, rape, incest, molestation, fondling, stalking, intimate partner violence, and verbal harassment of a sexual nature. Sexual violence includes creating an environment that feels unsafe based on sexual messages or images. Sexual violence is a sexual act that is completed or attempted against a victim's will or when a victim is unable to consent due to age, illness, disability, or the influence of

SECURITY REPORT

alcohol or other drugs. The act may involve actual or threatened physical force, use of weapons, coercion, intimidation or pressure.

Sexual Assault: A sexual assault is any form of non-consensual sexual activity. Sexual assault includes all unwanted sexual acts from intimidation to touching to various forms of penetration and rape.

Examples:

- **Rape:** Sexual intercourse forcibly and/or against the person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of a temporary or permanent mental or physical incapacity. Indiana law adds "with a member of the opposite sex." For purposes of our internal conduct system, this definition includes all sexes regardless of gender identification.
- **Sexual Battery:** The touching of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of a temporary or permanent mental or physical incapacity.
- **Child Molesting:** A person who, with a child under 14 years of age, performs or submits to sexual intercourse or deviate sexual conduct, or performs or submits to any fondling or touching for the purpose of sexual gratification.
- **Sexual Misconduct With a Minor:** A person at least 18 years of age who, with a child at least 14 years of age but less than 16 years of age, performs or submits to sexual intercourse or deviate sexual conduct, or performs or submits to any fondling or touching for the purpose of sexual gratification.
- **Criminal Deviate Conduct:** A person who knowingly or intentionally causes another person to perform or submit to deviate sexual conduct when the other person is compelled by force or imminent threat of force, the other person is unaware that the conduct is occurring, or the other person is so mentally disabled or deficient that consent to the conduct cannot be given, commits criminal deviate conduct.

Other Sex Crimes not listed above as described in the Indiana Code.

Sexual Harassment: Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when it meets any of the following.

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic status.
- Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual.
- A reasonable person would find such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus.

Sexual Consent: Consensual sexual activity requires "Consent", which is defined as clear, unambiguous and voluntary agreement between the participants to engage in a specific sexual activity.

Consent cannot be inferred simply from the absence of a "no"; a clear yes, verbal or otherwise (e.g. body language) is necessary. Although consent is not required to be verbal, verbal communication is the most reliable form of asking for and gauging consent.

Accordingly, individuals are encouraged to seek verbal consent. Consent cannot be obtained from someone who is asleep or otherwise mentally or physically incapacitated, whether due to alcohol, drugs or some other condition. Consent cannot be obtained by threat, coercion or force. Agreement given under such conditions does not constitute consent.

Consent must be clear and unambiguous for each participant throughout any sexual encounter. Consent to some sexual acts does not imply consent to others, nor does past consent to a given act imply ongoing or future consent. Consent can be revoked at any time. For all these reasons, sexual partners must evaluate consent in an ongoing fashion and should communicate clearly with each other throughout any sexual encounter.

Athletic Inequity

By law no one, on the basis of sex, can be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any campus program or activity. This includes the intercollegiate athletic programs at Manchester

University. Areas covered include but are not limited to the provision of equipment and supplies; scheduling of games and practice times and opportunity to receive coaching and academic tutoring.

Reporting Measures

Any potentially dangerous situation must be reported immediately to the Parkview Police and Public Safety or one or more of the following: University Safety, the office of Counseling Services, Health Services or Human Resources. Reports can be made anonymously and all reported incidents will be investigated. Reports or incidents warranting confidentiality will be investigated. Reports or incidents warranting confidentiality will be handled appropriately and information will be disclosed to others on a need-to-know basis only. The University will actively intervene as soon as it becomes aware of a possibly hostile or violent situation.

Report It!

If you believe you are witness to, or a victim of, Sexual Violence or Assault, Sexual or other prohibited Harassment, or Athletic Inequity, Manchester University encourages you to report the incident in which any of these violations is believed to have occurred. To make a report, go to the MU webpage; **Click on the “Report It” button and follow the easy steps to report. All reported incidents will be investigated.**

Options for Bystander Intervention When Witnessing (Potential) Acts of Violence

There are three components to Active Bystander Intervention, referred to as the ABC's:

1. **A**ssess for safety. Ensure that all parties are safe, and assess whether the situation requires calling authorities. When deciding to intervene, your personal safety should be the #1 priority. When in doubt, call for help.
2. **B**e with others. If safe to intervene, you're likely to have a greater influence on the parties involved when you work together with someone or several people. Your safety is increased when you stay with a group of friends who you know well.
3. **C**are for the victim. Ask if the victim of the unwanted touching, sexual advance, attention, or behavior is okay. Does s/he need medical care? Does S/he want to talk to an Advocate to see about reporting the matter? Ask if someone she/he/per trusts can help him or her get safely home.

Active Bystander Intervention can take a number of forms:

- Talking to a friend to ensure he or she is doing okay
- Making up an excuse to help the friend get away from someone
- Enlist the assistance of others in the area Calling the police (911)
- Calling Parkview Police and Public Safety (260-266-1800)
- Use “Report It” located at <http://www.manchester.edu/common/reportit.htm>
- Take a photo or video of the event
- Recommending to a bartender or party host that someone has had too much to drink
- Pointing out someone's disrespectful behavior in a safe and respectful manner that tends to de-escalate the situation
- Removing a friend from a risky situation quickly
- Physically intervene if safe to do so
- Scream or blow a whistle to distract an aggressor or to call attention of others.

No one is asking an active bystander to take the place of the police. Your personal safety is critically important. Before you act, you should think about the following:

- How can you keep yourself safe in this situation?
- What are all the options available to you?
- Who else might be able to assist you in this situation?

Complaint Procedures

Students, faculty, staff or other individuals who believe they have experienced harassment or discrimination within the University community are encouraged to promptly report the matter to Title IX coordinator.

SECURITY REPORT

Additionally, students are referred to the Vice President for Student Life, faculty and staff members are referred to Human Resources. However, complaints may be directed to any member of the leadership team with whom the complainant is comfortable talking.

The Title IX Coordinator will discuss with an individual who has reported harassment or discrimination the availability and/ or option of counseling, mediation, the filing of a complaint through the student conduct review system, the filing of an official complaint with the University and related matters.

All complaints of harassment and/or discrimination will be investigated and appropriate actions will be taken in a timely manner. Harassing or discriminatory conduct will result in corrective action, up to and including discharge for employees and suspension for students.

Reports and complaints of harassment and/or discrimination must be honest and truthful. False reporting of harassment and/or discrimination will subject the reporting individual to corrective action.

Protection of Complainants Against Retaliation

Retaliatory action against anyone reporting or filing a complaint of harassment or discrimination is strictly prohibited. Regardless of the means selected for resolving the problem, the initiation of a complaint of harassment or discrimination will not cause any reflection on the complainant, nor will it affect such person's future dealing with the University. It will not affect employment, compensation, work assignments or, in the case of students; grades, class selection or other matters pertaining to status. The complainant will have the option of requesting that Manchester University personnel other than the accused conduct performance reviews, evaluations and/or write letters of reference and recommendation. Reports and complaints of harassment and/or discrimination must be honest and truthful. False reporting of harassment and/or discrimination will subject the reporting individual to corrective action.

Responsibility of faculty, staff and students regarding harassment or discrimination. The University will not tolerate unlawful harassment or discrimination. All members of the University community (faculty, staff and students) have an obligation to immediately report suspected harassment or discrimination so that a full investigation may be conducted. All faculty and staff are required to immediately report harassment or discrimination when they have reason to believe has taken place. Reports of suspected harassment or discrimination are addressed to either the Vice President for Academic Affairs, Vice President for Student Life, or the Director of Human Resources. In addition, members of the University community have an obligation to refer an individual who believes they have experienced harassment or discrimination to a senior administrator, or a member of the counseling staff. To the extent practical, the confidentiality of the complainant, the person against whom the complaint is brought, and those who are asked to provide information during the investigation will be maintained. Students, faculty and staff may raise honest concerns and make truthful reports without fear of reprisal.

Student Education on Non Violence Policy and Procedures

Sexual assault prevention and education at Manchester University are provided within several University programs. Through incorporating information on personal security, sexual assault, and prevention of sexual assault into a variety of existing programs, it is intended that students will be exposed to such information throughout their University careers. The primary means used to convey information regarding personal security and sexual assaults are as follows:

Campus Programs – Throughout the academic year, Manchester University offers programs and educational opportunities in response to student needs. Educational programs for the Fort Wayne campus are also available upon request from employees at the North Manchester Campus.

During the first week of classes, the University conducts an orientation week. During this week, the students in the first, second, and third year of the program have an hour long session that covers Title IX and VAWA.

Procedures in Cases of Sexual Assault

Victims of any form of sexual assault should report the incident immediately to 911 and/or Parkview Police and Public Safety, 260-266-1800; quick reporting increases the probability that the alleged perpetrator can be held responsible. In cases of rape, acquaintance rape, or other sex offenses involving sexual contact, the victim should take steps to preserve evidence as it may be

necessary to the proof of criminal sexual assault. This means that the victim should not change clothes, wash or bathe, or attempt to “clean up”; the physical condition of the victim is important evidence. Instead, the victim should immediately contact 911 or Parkview Police and Public Safety, 260-266-1800, Dean of Pharmacy Programs 260-470-4418, or to the Associate Dean for Student Affairs and Assessment of Pharmacy Programs 260-470-2745. These individuals will assist the victim to contact the appropriate authorities (in accord with the victim’s wishes), have evidence collected and secure appropriate medical care.

Options for Reporting Sexual Assault

Incidents of sexual assault may be reported through a variety of means on the Fort Wayne campus; it is important that victims are aware of all options available to them and are free to choose among them. Sexual assault is a criminal violation; as such, a victim may choose to report it to the local law enforcement authorities (Fort Wayne Police Department, 911 or 260-427-1222) and pursue prosecution through the public court system. Sexual assault is also a violation of University policy; therefore, a victim may also choose to report it to University authorities and to pursue charges through the Honor Code system. This choice is available and recommended whether or not the victim chooses to prosecute off campus. In either case, members of the Parkview Police and Public Safety staff (260-266-1800, 24 hour number), Dean of Pharmacy Programs 260-470-4418, or to the Associate Dean for Student Affairs and Assessment of Pharmacy Programs 260-470-2745 will assist victims in exploring options and in filing and pursuing charges against the accused. The University’s coordinator for non-athletic Title IX issues is Allison Goetcheus. Incidents can also be reported by using the “Report It”, by going to www.manchester.edu/common/reportit.htm, or the hyperlinks located on the student Gateway homepage.

Procedures and Sanctions for On-campus Disciplinary Actions

If a victim chooses to pursue charges through the Honor Code System they should file charges through the Dean of Pharmacy Programs 260-470-4418, or to the Associate Dean for Student Affairs and Assessment of Pharmacy Programs 260-470-2745.

The Manchester University Conduct Review System Statement of Rights, which applies to all cases brought before the conduct system, states that “persons appearing before a conduct board or a University hearing panel have the right to be assisted by one advisor. Such advisor may not testify on behalf of the person.” Complainants similarly have the right to have others present during the proceedings. Both parties also have the right to bring witnesses. Both the accuser and the accused will be informed in writing of the outcome of any campus disciplinary proceedings. Possible sanctions resulting from an on-campus disciplinary procedure concerning rape, acquaintance rape or other sex offenses are outlined in the Sanction Guidelines used by University hearing bodies. Applicable sanctions range from fines and disciplinary probation to separation from the University. Additional forms of redress available include mediation, counseling and other educational interventions.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

In the event of a serious incident that poses an immediate threat to members of the campus community, the University has various systems in place for communicating information quickly to those individuals. Some or all of these methods of communication may be activated in the event of an immediate threat to the Manchester University community. These methods include a public address system, InformaCast telephone messages, network emails, emergency text messages and voicemail messages sent to cell phones via a mass notification system.

Through the publication of this annual report, and through other media, members of the campus community are notified that they should immediately call the Fort Wayne Police Department, 911, and/or Parkview Police and Public Safety, 260-266-1800, of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus. Parkview Police and Public Safety officers have the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate and document any situation that may cause a significant emergency or dangerous situation. In addition, Parkview Police and Public Safety has the responsibility to respond to such incidents to determine if the situation does in fact pose a threat to the community. If that is the case, Federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

If Parkview Police and Public Safety officers confirm that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community it is their responsibility to notify Manchester University Safety, 260-982-5999, who will summon the Emergency Operations Team (Safety Supervisors, Information Technology Services (ITS) and Media and Public Relations) who will collaborate to determine the content of the message and will use some or all of the systems described above to communicate the threat to the campus community or to the appropriate segment of the

community, if the threat is limited to a particular segment of the population. The Emergency Operations Team, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including but not limited to security officers, law enforcement, fire and emergency medical personnel), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT OF 2013

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA), which, among other provisions, amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports (ASRs). The statute requires institutions to include this new information in the ASR beginning with the ASR that must be provided to students, employees, and prospective students and employees by October 1, 2014.

The HEA defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002(a) of the Violence Against Women Act of 1994 as follows:

“Domestic violence” means a “felony or misdemeanor crime of violence committed by-

- A current or former spouse or intimate partner of the victim,
- A person with whom the victim shares a child in common
- A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA], or
- Any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

“Dating violence” means “violence committed by a person-

- Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - o The length of the relationship
 - o The type of relationship; and
 - o The frequency of interaction between the persons involved in the relationship

“Stalking” means “engaging in a course of conduct directed at a specific person that would cause a reasonable person to-

- Fear for his or her safety or the safety of others; or
- Suffer substantial emotional distress.”

OFF CAMPUS PROTECTIVE ORDERS

What is a protective Order?

It is an order issued by a judge that prohibits or restricts another person from engaging in certain conduct. Protective orders can prohibit another person from:

- Threatening to commit or committing an act of violence against you;
- Abusing, harassing or contacting you or a member of your household;
- Entering your property or workplace;
- Damaging your property.

The protective order can also offer other forms of economic relief including child support, maintenance, attorney fees and other costs. The judge determines the specific relief offered.

To get a protective order, you must file a petition with the court. The County Clerk’s office must provide you with the forms and clerical assistance. You do not need an attorney and no fee is required. More information is available on the Indiana Supreme Court website at in.gov/judiciary/self-service.

SECURITY REPORT

If you are in immediate danger, a judge can grant you an emergency ex parte protection order that gives you immediate protection while the order is being processed. In some cases, a hearing will be ordered within 30 days, when the judge may approve the protective order with terms necessary to stop the violence or threats of violence.

To prepare for a protective order hearing, you should, if you can, bring witnesses, pictures of your injuries, police and medical reports and any other information you have about the violence.

Frequently asked questions

- Do I need an attorney to obtain a protective order?
 - o No.
- Is there a fee to get a protective order?
 - o No.
- Can I get a protective order from any court in Indiana?
 - o In all except small claims court. The petition must be filed in the county in which you live, the abuser lives or in which the abuse occurred.
- What should I do with the order when I get it?
 - o Make copies. Keep one with you at all times. Keep a copy in your car, home, at work and at a friend's house. Follow up with the court to make sure the abuser is served (Indiana law requires that the abuser receive a copy of it).
- What should I do if the abuser violates the order?
 - o That is a crime in Indiana and the abuser can be arrested for violating it. If you don't feel safe call 911. When police arrive, show them the order; they should enforce it. Additionally, the violation of an order may also be considered civil contempt and you can request its enforcement by a judge.
- Why should I never invite the abuser to my home or initiate contact while the protective order is in effect?
 - o It is not against the law but it could expose you to danger. It can also be used against you in the court of law
- What should I do if I move to or visit another county or state?
 - o Your Indiana protective order is valid and enforceable in every other county and state. Be sure to carry a copy with you at all times.
- Can I keep my new address secret?
 - o If you move within Indiana, you can participate in the Address Confidentiality Program. It allows you to use a post office box registered to the State Attorney General as your permanent address. For more information call 800-321-1907
- You have the right to have a victim advocate with you in court to offer emotional support.

What is domestic violence?

Domestic violence is the use of power and control within an intimate relationship that threatens a person's well-being. The abuse can be physical, sexual, emotional and financial. It can happen to anyone of any race, age, sexual orientation, religion or gender. It can happen to couples who are married, living together or dating.

Domestic violence affects people of all socioeconomic backgrounds and education levels. It can happen to friends, family or co-workers. It can happen to you.

Respectful relationships allow both partners to feel supported and connected but still feel independent. Ultimately, the two people in the relationship decide what is healthy for them and what is not. If something doesn't feel right, you should have the freedom to voice your concerns to your partner.

Preventing domestic violence begins when we all agree that fair treatment in a relationship is a basic right.

Sanctions

If the accused student is found responsible for violating campus policy, the Administrative Hearing Officer or Hearing Panel will consult with the Vice President of Student Life, or designee to determine the appropriate sanction according to the Conduct System Sanction Guidelines as outlined in The Source. If the accused employee or other non-student is found responsible, the

Administrative Hearing Officer or Hearing Panel will consult with the Director of Human Resources to determine the appropriate sanction according to the employee Conduct System Sanction Guidelines.

The sanctioning process designed to eliminate the misconduct, prevent its recurrence, and remedy its effects while supporting the University's educational mission and VAWA obligations.

The guidelines for student violations of this policy include:

Violation	Sanction Range
Dating Violence	Disciplinary Probation to Expulsion
Domestic Violence	Disciplinary Probation to Expulsion
Stalking	Disciplinary Probation to Expulsion

WEAPONS POLICY

Possession and/or the use of firearms, ammunition, or other weapons, including any dangerous article or substance with the potential to injure or discomfort a person, are prohibited. The possession on campus of any instrument that could be perceived as a dangerous and/or deadly weapon, including but not limited to knives (dagger, dirk, poniard, stiletto, switchblade, butterfly, or gravity knife), guns, airsoft, bb and pellet guns, bows and arrows, martial arts weapons, etc., is not permitted. This prohibition extends to any vehicle parked on University property and to any decor items which, though intended for display only, could be considered potentially dangerous.

Clarification A: This policy is not intended to prohibit the possession of small folding pocket knives, with a blade length of 3 inches or less, or kitchen utensils; however, if such items are used in a threatening or dangerous manner, such behavior will constitute a violation of this policy.

ANNUAL TEST OF EMERGENCY RESPONSE AND EVACUATION PROCEDURES

In accordance with the Higher Education Opportunity Act, on an annual basis, the Emergency Management and Safety Committee will coordinate, plan, and conduct at least one test of the emergency response and evacuation procedures, including a test of the mass emergency notification system, on each of the Manchester University campuses. The test may involve all portions of the campus or a segment thereof. The intent of the drill is to assess and evaluate the effectiveness of the University's emergency plans and capabilities. Some drills will be announced and well-publicized to the campus community prior to the event, while others may be unannounced.

CRIME PREVENTION EFFORTS

Manchester University works to educate the campus community on sound safety practices. Safety and security-related topics are a part of the programs planned for students and employees throughout the year. University Safety sponsors annual crime prevention programs to student groups, including presentations on how to avoid becoming a crime victim, self-defense programs presented by University Safety staff and other personnel upon request. Programs and videos are also available upon request for all campus groups. A campaign was also initiated to encourage the campus community to sign up to receive emergency test messages via InformaCast.

STUDENT/EMPLOYEE RESPONSIBILITY

The cooperation, involvement and personal support of students and employees is crucial to campus safety. At Manchester University, we sincerely believe that “you are the key to security.” Students and employees must assume responsibility for their own personal safety and the security of their belongings by taking simple precautions:

- Do not prop open exterior doors to building.
- Lock room doors, even when leaving for short periods of time.
- Ask visitors to identify themselves before admitting them into the building.
- Walk in pairs, especially when going out at night.
- Park your vehicle in well-lighted areas and keep it locked at all times; valuables should be concealed.
- Secure your personal information (Social Security number, date of birth, ID number, PINs, passwords, etc.).
- Report suspicious circumstances and unusual incidents immediately.

SEX OFFENDER REGISTRY

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

The following excerpt is taken from the Indiana Sheriffs’ Sex Offender Registry website (http://www.state.in.us/serv/cji_sor): “Effective January 1, 2003, Zachary’s Law requires sheriff departments to jointly establish and maintain the Indiana Sheriffs’ Sex Offender Registry to provide detailed information about individuals who register as sex or violent offenders at Indiana sheriff departments (or, in Marion County, the Indianapolis Metropolitan Police Department). The purpose of the registry is to inform the general public about the identity, location, and appearance of sex and violent offenders who live, work, or study in Indiana.”

CRIME STATISTICS

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the campus community obtained from both law enforcement and non-law enforcement sources. Local law enforcement agencies, including the Fort Wayne Police Department, the Allen County Sheriff’s Department, the Indiana State Police, and the Indiana State Excise Police, as well as Parkview Police and Public Safety provide the Director of University Safety with information pertaining to criminal acts and arrests that occur on or adjacent to University property. Crime statistics/reports are also obtained from the Dean of the College of Pharmacy, Fort Wayne Facilities Coordinator & Human Resources Liaison, Parkview Police and Public Security and other members of the University community. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. All of the statistics are gathered, compiled, and reported to the University community via this publication, which is prepared by the Department of University Safety. These statistics reflect all reported allegations of criminal activity, regardless of the outcome of any conduct/criminal proceeding. As cautioned by the U.S. Department of Education, these crime statistics “...represent alleged criminal offenses reported to campus security authorities and/or local law enforcement agencies. Therefore, the data collected does not necessarily reflect prosecutions or convictions for crimes. Because some statistics are provided by non-police authorities, the data are not directly comparable to data from the FBI’s Uniform Crime Reporting System, which only collects statistics from police authorities.”

The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008, requiring all United States institutions of higher education to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related statistics for on-campus student housing facilities. Manchester University College of Pharmacy does not have on-campus student housing facilities.

SECURITY REPORT

Hate Crimes

There were no hate crimes reported for 2017, 2018 or 2019

Unfounded Crimes

There were no unfounded crimes reported for 2017, 2018 or 2019

For Clery Act reporting purposes, the number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons violations the statistics indicate the number of people referred to the Honor Code Committee for possible disciplinary action for violations of those specific laws. Hate crimes are reported in narrative form and are separated by category of prejudice. A hate crime is not a separate, distinct crime, but is the commission of a criminal offense, which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, the assault is then also classified as a hate crime.

GEOGRAPHY DEFINITIONS FROM THE CLERY ACT
