Go GREEN, clean a STREAM!

The Eel River is a beautiful and valuable natural resource and we need your help to keep it clean!

Volunteers are needed to clear trash and debris from the Eel River. We will be working in the river, filling canoes with trash as we walk downstream. Please wear appropriate clothing. Tennis shoes or boots are required (NO SANDALS PLEASE!) Poison ivy and stinging nettle are present along the river, so please come prepared!

Gloves, trash bags, and water will be provided along with a light lunch for volunteers. And you will receive a really nice Eel River Watershed Cap!!! We will begin at the North Manchester Waste Water Treatment Plant in North Manchester at 8:30am. Advanced registration is required.

This project has been funded wholly or in part by the United States Environmental Protection Agency under assistance agreement C9975482-08 to the Indiana Department of Environmental Management. The contents of this document do not necessarily reflect the views and policies of the Environmental Protection Agency, nor does mention of trade names or commercial products constitute endorsement or recommendation for use.
