

## **Support Spartan Athletics!**

I hope you get the opportunity to experience an athletic contest during Homecoming weekend. We are extremely proud of our student-athletes and they will be excited to have your support. Our coaches have a goal to enhance the students' educational experience at Manchester University. The teaching and mentoring that takes place through athletics is not unlike that done in academic buildings – there are simply more witnesses. All of our student-athletes play for one reason - they want to. They love the game, and whether they win or lose today, all will return to their residence halls and blend into our student body. We encourage you to be vocal supporters and show good sportsmanship and appreciation for what these quality young men and women accomplish. Go Spartans!
